besides providing a thorough overview of advances in the concept of identity in translation studies the book brings together a variety of approaches to identity as seen through the prism of translation individual chapters are united by the topic and their predominantly cultural approach but they also supply dynamic impulses for the reader since their methodologies level of abstraction and subject matter differ the theoretical impulses brought together here include a call for the ecology of translational attention a proposal of transcultural and farcical translation and a rethinking of bourdieu s habitus in terms of františek miko s experiential complex the book also offers first hand insights into such topics as post communist translation practices provides sociological insights into the role politics played during state socialism in the creation of fields of translated fiction and the way imported fiction was able to subvert the intentions of the state gives evidence of the struggles of small locales trying to be recognised though their literature and draws links between local theory and more widely known concepts

despite the stereotypes and misconceptions surrounding appalachia the region has nurtured and

inspired some of the nation's finest writers featuring dozens of authors born into or adopted by the region over the past two centuries writing appalachia showcases for the first time the nuances and contradictions that place appalachia at the heart of american history this comprehensive anthology covers an exceedingly diverse range of subjects genres and time periods beginning with early native american oral traditions and concluding with twenty first century writers such as wendell berry bell hooks silas house barbara kingsolver and frank x walker slave narratives local color writing folklore work songs modernist prose each piece explores unique appalachian struggles questions and values the collection also celebrates the significant contributions of women people of color and members of the lgbtq community to the region's history and culture alongside southern and central appalachian voices the anthology features northern authors and selections that reflect the urban characteristics of the region as one text gives way to the next a more complete picture of appalachia emerges a landscape of contrasting visions and possibilities

vol 115 includes diamond jubilee issue 1867 1927
