from the bestselling author of *Blink* and *The Tipping Point*, Malcolm Gladwell's *Outliers* is the story of success that overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses to show that the story of success is far more surprising and far more fascinating than we could ever have imagined. He reveals that it's as much about where we're from and what we do as who we are, and that no one—not even a genius—ever makes it alone. *Outliers* will change the way you think about your own life story and about what makes us all unique. Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain. *Guardian*: Malcolm Gladwell is a global phenomenon. He has a genius for making everything he writes seem like an impossible adventure. Observer: He is the best kind of writer: the kind who makes you feel like you're a genius rather than he's a genius. *The Times*.

Outliers in 30 Minutes is the essential guide to quickly understanding the ideas explored in Malcolm Gladwell's bestselling book *Outliers: The Story of Success*. Understand the key ideas behind *Outliers* in a fraction of the time. 27 essential insights and takeaways. 11 illustrative case studies. 9 chapter-by-chapter synopses. In *Outliers*, bestselling author Malcolm Gladwell examines the fundamentals of extraordinary success and the people who achieve it, claiming that society pays too much attention to characteristics like intelligence and ambition in successful people and not enough to the circumstances that shape them. Gladwell argues that external forces also propel the highly successful, as demonstrated in *Outliers*: culture, family, demographics, chance, circumstances, and hidden advantages can have as much or more to do with an outlier's success as IQ or drive. Throughout *Outliers*, Gladwell uses compelling research and fascinating case studies to demonstrate his assertion that nobody achieves success on his or her own merits. A 30-minute expert summary of *Outliers* designed for those whose desire to learn exceeds the time they have available. The *Outliers* summary helps readers quickly and easily become experts in 30 minutes.
