baudelaire s bitter metaphysics anti nihilist readings by fondane benjamin and sartre reconstructs a philosophical triologue that might have been expected to take place between benjamin fondane walter benjamin and jean paul sartre over their philosophical readings of charles baudelaire an exchange preempted by the untimely deaths of two of the interlocutors during the nazi holocaust why did three of europe s sharpest minds respond to the terror of 1933 45 by writing about a long dead poet aaron brice cummings argues that fondane benjamin and sartre turned to the poet of nihilism s abyss because they recognized a fact of cultural history that remains relevant today until sometime in the 2080s the literary world will have to confront even if to deny

the two century window forecast by nietzsche as the age of cultural and existential nihilism accordingly the author examines the bitter metaphysics latent in baudelaire s motifs of the abyss clocks brutes streets and bored dandies in so doing this book confronts the nothingness which modern life encounters in the heart of art ethics ideality time memory history urban life and religion

first published in 1927 science and philosophy and other essays is a collection of individual papers written by bernard bosanquet during his highly industrious philosophical life the collection was put together by bosanquet s wife after the death of the writer and remains mostly unaltered with just a few papers added and the order of entries improved the papers here displayed consist of various contributions bosanquet made to mind the proceedings of the aristotelian society the international journal of ethics and other periodicals as well as work from volumes of lectures and essays under his own or other editorship throughout the collection bosanquet considers the relationship between science and philosophy the two subject areas became increasingly intertwined during bosanquet s lifetime as scientific writers grew more interested in the philosophical investigation of the concepts which underlined their work and philosophical thinkers recognised the importance of the relationship between mathematics and logic as well as that between physics and metaphysics the first essay in this volume discusses this idea explicitly and all subsequent articles may be regarded as essays in support of the main discussion with which the volume opens

grace is a central concept of theology while the term also has a wide range of meanings in many fields for the first time in book format the sociology of grace or enchantment is comprehensively explained in detail with fascinating results the author s writings on this topic take the reader on an intriguing journey which traverses subjects ranging from theology through the history of art archaeology and mythology to anthropology as such this volume will interest academics across a wide range of disciplines apart from sociology

despite the widely remarked indifference to philosophy of history that has characterized most british historians important things were said from the early 19th century to the mid 20th about historical knowledge and the nature of human history this is a study of this distinctively english idealist tradition it connect coleridge and carlyle whose writings have been the focus predominantly of literary scholarship to thinkers who have been the subjects of philosophers rather than historians interest john stuart mill f h bradley and r g collingwood it also draws parallels between idealist thinking about history and postmodernism
