this book is divided into two parts the first part of the report population and family characteristics presents data that illustrate the changes during the past few decades in nine measures depicting the context of children s lives these background measures provide basic information about children in the united states and the social and demographic changes

occurring in the child population the second part of the book indicators of children's well-being contains data on four key areas of child well-being: economic security, health, behaviour and social environment and education. Appendix A: Detailed tables presents tabulated data for each measure and additional detail not discussed in the main body of the book. Appendix B: Data source descriptions describes the sources and surveys used to generate the background measures and the indicators.

English for Academic Study Writing: This fully updated 2012 edition of English for Academic Study Writing will help you develop the academic writing skills you need to deal effectively with the written element of your academic study as well as to develop other important skills such as reading, research and critical thinking. The units are organized as follows: Introduction to Academic Writing, Sustainable Energy, The Business of Science, Telemedicine, Food Security, Human Resource Management, Sustainable Fashion, The Tipping Point. Each unit explores a key aspect of writing and teaches it in the context of a specific topic area. e.g. Food Security and Sustainable Fashion. The tasks in each unit prepare you to write an essay that will consolidate the writing skills you are learning. Authentic texts in the accompanying Reading Writing Source Book provide useful and interesting background information for each topic area covered. The course book includes unit summaries to give you a quick overview of what you have covered and a comprehensive glossary of terms. Each unit also has weblinks offering additional information and activities relating to both writing skills and the topics covered in the units. This book can be used in conjunction with the following books in the English for Academic Study EAS series also published by Garnet Education: EAS Reading Writing Source Book, EAS Reading, EAS Extended Writing, Research Skills, EAS Listening, EAS Speaking, EAS Vocabulary, EAS Pronunciation and EAS Grammar for Writing.

English for Academic Study: Extended Writing Research Skills. EAS Extended Writing Research Skills takes students step by step through the process of producing an extended piece of academic writing, helping them to develop the writing and research skills necessary for the task. Students make use of the source materials that accompany the course to produce their own piece of extended writing. They are then encouraged to use the strategies they have learned to produce a second piece of writing within their own field of study. The approach allows students to work independently, supported by detailed information and advice as well as model answers provided in both the course book and the instructor's manual. The units are organized as follows: Introduction to the skills of extended writing and research using evidence to support your ideas, structuring your project and finding information, developing your project, developing a focus, introductions, conclusions and definitions, incorporating data and illustrations, preparing for conference presentations and editing your work. Each unit has weblinks offering additional information and activities. A dedicated website, englishforacademicstudy.com, offers further

instructor resources this book can be used in conjunction with the following books in the english for academic study series also published by garnet education eas reading writing eas listening eas vocabulary and eas speaking pronunciation

presented in two parts this book firstly introduces core considerations in esp course development drawing on examples from a wide range of esp and eap courses secondly four case studies show how experienced esp teachers and course developers went about developing courses to meet the needs of their particular learners
