pesticide handlers have never had an easy time keeping abreast of the regulations that affect them but it is getting
even more difficult as public pressure adds more layers of new rules at the same time there s a trend toward
making the individual applicant more responsible for knowing the rules and for getting more training this is the only
volume that in clear language describes the system the current issues in regulation and the science behind them for
the user it can be helpful for the beginner the veteran or anyone who needs a reference encompassing the entire
range of pesticide regulatory issues such as groundwater endangered species recordkeeping worker protection and
more there s also an exclusive first ever compilation of the rules in all 50 states and the district of columbia for the
training and testing required to become a certified applicator something that varies considerably from state to state
