constituting communities explores how community functions within theravāda buddhist culture although the dominant focus of buddhist studies for the past century has been on doctrinal and philosophical issues this volume concentrates on discourses that produced them and why and how these discourses and practices shaped theravāda communities in south and southeast asia from a variety of perspectives including historical literary doctrinal and philosophical and social and anthropological the contributors explore the issues that have proven important and definitive for identifying what it has meant individually and socially to be buddhist in this particular region the book focuses on textual

discourse how communities are formed and maintained within pluralistic contexts and the formation of community both within and between the monastic and lay settings

the two volume encyclopedia of monasticism describes the monastic traditions of both christianity and buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e g art behavior economics liturgy politics theology and scholarship coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life recent upheavals in certain countries are highlighted korea russia sri lanka etc topical essays subtitled christian perspectives and buddhist perspectives explore in imaginative fashion comparisons and contrasts between christian and buddhist monasticism encyclopedia of monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture

history of agriculture in sri lanka from earliest times to 1500 a d

in a groundbreaking book that calls on the world s religions to look at what they have in common author and scholar brian lepard offers hope to a world community that has become dangerously fractionalized by economic social religious and political differences in hope for a global ethic lepard cogently argues that different societies have much more in common than they might otherwise think beginning with a profound historic and lasting belief in religion and that our fearful and often suspicious view of other people may be overcome by exploring what is shared in these religions hope for a global ethic moves significantly beyond ideology to discuss the values that all people have shared through the faiths of the world it is these values that offer hope in our fearful disordered and terrorized world

on the ancient system of buddhist education and learning centers for buddhist monks in sri lanka

editors introduction background we are experiencing an unprecedented period where wide ranging and disruptive major global change is taking place around us in this context the theme of mindful leadership and sustainable development provides a point of reference and pathway for understanding the contemporary chaotic situations these disruptive changes challenge our understanding and meaning of humanity and truly question whether or not we are able to live in a society where justice equality peace and prosperity abound in the buddhist light a focus is placed on understanding the buddhist teachings to develop solutions for dealing with these wide ranging problems both the scope of change and the response from a buddhist approach are core to the content of this volume it is of paramount importance that any investigation and development of solutions for the changes taking

place require guidance from the buddhist philosophy as a starting point for discussion an initial focus is placed on providing a thorough and critical understanding of the character and context of change in doing so we also seek to clarify and outline the nature of a buddhist approach in completing this review it is productive to see that given the complex issues being dealt with the papers do generate different frameworks and viewpoints within the broad term of approach the frameworks based on the buddha s teachings are not fully fixed and agreed upon by all therefore our term approach refers to a set of arrangements and viewpoints that act to inspire further discussion and development given the above context this volume is a collection of conference papers presented and published for the panel on the first sub theme of undv 2019 on mindful leadership for sustainable peace on 13 may 2019 at the tam chuc international convention center ha nam vietnam the panel commemorates the occasion of the 16th united nations day of vesak celebrations 2019 through the contributions of participants and their papers at this workshop this volume provides a diverse and rich range of thinking and wisdom rather than more traditional mainstream thinking or conventional wisdom treating the buddha s teachings as a basic theoretical reconstruction we examine the relationships between societies and buddhism we combine the analyses of the conflicts trends and dynamics affecting future global development with focused studies on a range of policy areas for improving societies in the buddhist light our two most crucial aims in this period of disruption are to greatly increase the influence and impact of buddhism as our foremost duty and that the buddhist responsibility contributes to creating a new foundation for mindful leadership and sustainable development
