survival bracelets lanyards dog leashes and other useful things you can make  
yourself you may not have heard of the term paracord it is literally the cords from the  
parachutes used in the second world war these cords were designed to take an  
impressive amount of strain considering the smallness of the cord in fact their  
strength is generated from the fact that there are several strands inside the sheath it  
will still function extremely well even if some of strands are broken the strands can be  
separated from the whole to add length or be used for finer tasks making the cord  
incredible versatile paracord is commonly used now to make a variety of items some  
of these may appear to be purely decorative but all of these items can be converted  
into cord this can make all the difference in a survival situation book 3 paracord 15
