this book originally published in 1985 is intended to complement philip barker s previous book behaviour therapy nursing the latter focussed more on the principles of the behavioural approach to nursing while this book adopts a more practical approach it is also shown that the proposed model can be extended beyond psychiatric and learning disabilities into general nursing in the first part of the book the range of settings in which various therapeutic approaches can be used is set out including work in the community emphasis is also given to the nurse s role in social skills training and in the development of everyday living skills for the rehabilitation of the mentally ill and disabled the second part of the book presents case studies each describing how the nurse assesses the patient and plans and implements the treatment the emphasis is on practical illustration of the behavioural approach to different clinical problems in different patient populations in various treatment settings at the end of each study there is discussion of possible alternative treatment strategies and the general applicability of the case

at the heart of this volume is the recognition that children s engagement with play and story are intrinsically and intricately linked the contributing authors share a passionate interest in the development and well being of children in particular through their use of imagination and adaptation of the everyday into play and stories following these principles the volume explores the connections between play story and pretense with regard to many cultural and contextual factors that influence the way these elements vary in children s lives in a departure from earlier collections on play and story the authors take a particular focus on normative as compared with atypical development this collection begins with an approach to understanding the developmental relationship between play and story which recognizes their similarities while acknowledging their differences much of the collection addresses pretend play and story in children with autism spectrum disorder an understudied but important group for consideration as these dimensions of their lives and development have often been considered problematic the volume also includes sections on play and story in classroom settings and play and story across cultures including non english speaking environments such as israel romania china and mexico it concludes with a discussion of how play differs across sociocultural and economic contexts making a unifying claim for the importance of play in children s lives but also calling for an understanding of what play means to very different groups of children

investigation of child abuse is often hampered by doubts about the reliability of children as only sources of information over the last decade consensus has been reached about children s limitations and competencies new for the wiley series in the psychology of crime policing and law tell me what happened summarizes key research on children s memory communicative skills and social tendencies describes how it can be incorporated into a specific structured interview technique and reviews evidence involving more than 40 000 alleged victims

the book includes questions about the kid personal preferences this can help parents and teachers to know more about the child a section of things i am grateful for there are also blank pages without prompts or word suggestions in the second half of the book to allow the child to write draw doodle or scribble lined pages to take notes and a section to color mandalas with a brief explanation of their use in meditation a section to write down their favorite recipes to always have them in hand this will motivate the kid to learn how to cook a very useful and healthy skill for anyone at any age
