yolanda van ecke s work on attachment and immigrants helps us to understand the common psychological characteristics that are shared by those who live life abroad in attachment and immigrants she frames the experience of immigration in the context of the increasingly popular theory of attachment in a series of well constructed academic yet highly readable studies done with dutch and belgian immigrants in

california u s a that follow she outlines for the reader the specific psychological attachment issues that affect immigrants immigrants have unresolved attachment more often than nonimmigrants and are more sensitive to experiences of isolation and separation whereas nonimmigrants are more vulnerable in the face of illness she also discusses career and personality aspects as they relate to immigrants with insecure attachment and provides suggestions for career counseling this book should help professionals such as psychologists therapist social workers and educators to gain a deeper understanding of the psychology of immigrants

are immigrants squeezing americans out of the work force or is competition wth foreign products imported by the united states an even greater danger to those employed in some industries how do wages and unions fare in foreign owned firms and are the media s claims about the number of illegal immigrants misleading prompted by the growing internationalization of the u s labor market since the 1970s contributors to immigration trade and the labor market provide an innovative and comprehensive analysis of the labor market impact of the international movements of people goods and capital their provocative findings are brought into perspective by studies of two other major immigrant recipient countries canada and australia the differing experiences of each nation stress the degree to which labor market institutions and economic policies can condition the effect of immigration and trade on economic outcomes contributors trace the flow of immigrants by comparing the labor market and migration behavior of individual immigrants explore the effects of immigration on wages and employment by comparing the composition of the work force in local labor markets and analyze the impact of trade on labor markets in different industries a unique data set was developed especially for this study ranging from an effort to link exports imports with wages and employment in manufacturing industries to a survey of illegal mexican immigrants in the san diego area which will prove enormously valuable for future research

Šthis is an extremely impressive volume which guides readers into thinking about migration in new ways in its various chapters international experts examine contemporary migration issues through a multitude of lenses ranging from child labor human t

this volume surveys studies conducted in the major immigrant receiving nations over the past several decades to ascertain the main established correlates of immigrant adjustment it also reports findings from an original longitudinal study of immigrants to australia from several european countries among the questions addressed are what is the usual course of immigrants reactions to their new country how do these reactions differ depending on their focus of concern self family friends job etc are subjective reactions satisfaction with various aspects of their lives paralleled by objective measures of role performance adequacy of adaptation in the eyes of other people how are these reactions associated with other characteristics of the immigrants personality family relations demographic and background characteristics

data from the current population survey were used in a unique analysis of migration and economic adaptation in a nationally representative sample of asian and hispanic immigrant women the study describes migration patterns and compares the labor market adaptation experiences of women who migrated with their families and women who migrated independently the book also examines the systematic differences in migration patterns by country of origin and how these differences relate to labor market performance the findings highlight the considerable impact of immigration policy on the economic adaptation of immigration women wives who migrated before their husbands were more likely to be in the labor force especially when compared to wives migrating after their husbands in contrast wives who migrated with their husbands were not likely to participate in the labor force interestingly asian immigrant wives were more likely to migrate while married than were hispanic immigrant wives asian wives who migrated after their husbands earned substantially lower wages than their respective ethnic counterparts ph d dissertation cornell university 1995 revised with new preface and index

crime and justice in the trump era documents the impact of trump administration policies on 1 violence against women 2 the treatment of persons of color 3 corporate and environmental crime both domestic and international and 4 federal crime control policy first the book examines how the policies of donald trump s administration have affected the rights and safety of female americans in particular violence against women including sexual assault the book then goes on to explore president trump s very public stances devaluing people of color whether they reside within the nation s borders or are seeking entry into the united states next the collection evaluates the collateral costs attached to the ongoing campaign to reduce regulations that protect consumers workers and the environment likewise the valuing america s narrow self interests may also have effects internationally where crime and violence may be tied to trump s promotion of white nationalism toleration of human rights violations and denial of climate change lastly criminal justice policies are examined both in the early stages of trump s presidency which were marked by his get tough rhetoric along with the more recent support for the first step act the authors represent different perspectives in the discipline critical feminist and mainstream criminologists quantitative and qualitative scholars and students of both street and white collar crime taken together this book reflects a variety of criminological voices and advances immeasurably our understanding of the trump administration s influence on crime and justice in america the chapters in this book were originally published as a special issue of victims offenders an international journal of evidence based research policy and practice

includes extra sessions

immigrant employment opportunities in the usa using data on men adults during a period of full employment 1970 census and an economic recession 1976 income and expenditure survey examines the impact of motivation race business cycles etc finds immigrant employment and unemployment to be approaching that of the native born with increased duration of stay and employment levels for new immigrants partic refugees to be more intense during a recession references

feliciano examines how immigrants compare to those left behind in their origin countries and how that selection affects the educational adaptation of children of immigrants in the united states her findings contradict the assumption that immigrants are negatively selected nearly all immigrants are more educated than the populations in their home countries but asian immigrants are the most highly selected this helps explain the asian second generations superior educational attainment as compared to europeans afro caribbeans or latin americans the book challenges cultural explanations for ethnic differences by highlighting how inequalities in the relative pre migration educational attainments of immigrants are reproduced among their children in the u s
