originally published in 1800 crimes of passion contained eleven stories and an essay on the novel the present book contains three abridged tales in florville and courval we find not only a reinterpretation and elaboration of the oedipus myth but an unforgettable illustration of donatien alphonse fran-ois de sade s artistic creed he was not simply an eccentric aristocrat with artistic pretensions but a pathological rebel against the age of enlightenment and a prisoner of the prince of darkness the historical tale of juliette and raunai is sentimental and melodramatic in it virtue triumphs but not before the lovers have run the gamut of human suffering miss henriette stralson has a contemporary setting and ranks above his historical tales in it virtue wins only a pyrrhic victory
