this book was originally published in 1935 for some years past the scientific study of primitive peoples has experimented in a variety of directions for new methods of investigation criticism of the comparative method of which sir james frazer is recognized as the foremost exponent all the world over has been directed mainly against the fragmentary character of its evidence when torn from its context in this book dr benedict offers an alternative method of approach the aim of the investigator she maintains should be the discovery in the diversity of cultures of the configuration of each that is the cultural drive in group and individual which determines the characteristic reaction to stimulus in any and every situation in life

originally published cambridge riverside press 1959

traces the life of the great american anthropologist discusses her friendship with margaret mead and examines benedict s most important writings

this world war ii era study paints an illuminating contrast between the culture of japan and that of the united states

a study of the civilizations of the zuni indians the natives of dobu and the kwakiutl indians

culture 1922 traces the intellectual and institutional deployment of the culture concept in england and america in the first half of the twentieth century with primary attention to how models of culture are created elaborated upon transformed resisted and ignored marc manganaro works across disciplinary lines to embrace literary literary critical and anthropological writing tracing two traditions of thinking about culture as elite products and pursuits and as common and shared systems of values manganaro argues that these modernist formulations are not mutually exclusive and have indeed intermingled in complex and interesting ways throughout the development of literary studies and anthropology beginning with the important victorian architects of culture matthew arnold and edward tylor the book follows a number of main figures schools and movements up to 1950 such as anthropologist franz boas his disciples edward sapir ruth benedict and zora neale hurston literary modernists t s eliot and james joyce functional anthropologist bronislaw malinowski modernist literary critic i a richards the new critics and kenneth burke the main focus here however is upon three works published in 1922 the watershed year of modernism eliot s the waste land malinowski s argonauts of the western pacific and joyce s ulysses manganaro reads these masterworks and the history of their reception as efforts toward defining culture this is a wide ranging and ambitious study about an ambiguous and complex concept as it moves within and between disciplines

this book is a profound and comprehensive presentation of japanese daily manners and customs a study and history of human thought discussing japan s conduct of world war ll author ruth benedict revealed the intricate views of the japanese more with political religious and economic issues as well as sexual conduct geisha prostitution and marriage in their daily lives a classic of cultural anthropology

benedict s work in fact anticipated trends in anthropology in the decades to come by projecting a framework of individuals not only shaped by their culture but also using their culture for personal or collective objectives book jacket

this comprehensive anthology presents 40 readings that are critical to an understanding of anthropological theory and the development of anthropology as an academic discipline the readings have broad anthropological appeal emphasizing social and cultural anthropology the third edition has been completely revised throughout and organized to work more closely alongside the companion overview text a history of anthropological theory it includes six new readings as well as two original essays written by contemporary anthropologists on why theory matters these new essays help ground the more abstract readings in the collection the glossary has been significantly expanded and the discussion questions have been revised the result is a volume that offers not only a strong foundation in the history of the discipline but also a good overview of developments in twentieth and twenty first century anthropological theory including feminist anthropology postmodernity medical anthropology globalization postcolonialism and public anthropology

by weaving discussions of the personal and professional writings of ruth benedict margaret mead presents the anthropologist s work in the context of her life and times mead also defends benedict s humanistic approach to anthropology as she considers her most important works in addition to a selection of benedict s anthropological writings this edition includes new forewords by two leading benedict scholars
