the knowledge of business policy and techniques of strategic management is the need of the hour to prospective business managers the present competitive environment has brought several drastic changes in policy making and strategic management hence there is necessity of theoretical understanding about the business policy as well as strategic management most of the organizations have started adopting strategic management system this book focuses on conceptual approach to the subject as well as some select case studies which make a foundation to the knowledge of strategic management

this paper characterizes the network of tractor service providers in ghana using the case of ejura sekye dumase district this research examines the implications of the adoption of mechanical technology in agriculture for farmers and institutions based on perspectives that go beyond the suppliers and users of mechanization ser vices alone the results suggest that in

addition to rising population density and favorable access to local and regional markets the current pattern of use of tractors by farmers in ejura district emerged from favorable historical and institutional factors the current arrangement involving a network of private tractor owners providing tractor hire services to a broad set of farmers draws upon the legacy of an earlier institutional intervention and is sustained organizationally through kinship and other existing social relationships within and outside the district more over the expansion of tractor use has created a set of new roles and relationships within the network participation in the network is affected by various factors including farmer's access to capital and knowledge experience and contacts this privately operated network is significantly more efficient and provides small scale farmers with considerably better access to plowing service than did previous government managed systems further development of the tractor service sector is likely to improve the quality of mechanization offered to smallholder farmers enhance bargaining power for farmers seeking such services and reduce structural weaknesses within the network

this study reviews the evolution of agricultural mechanization particularly tractors in india in doing so it provides some rough indicators of the extent of mechanization particularly the spread of tractor use at different historical phases emphasizing that india's experiences up to 1990 are as important as the lessons since then the paper highlights the growth of diverse patterns of custom hiring service provision as well as heterogeneity in the speed of mechanization growth across regions and agroecological zones it also summarizes the evolution of key related policies in india that are likely to have affected tractor imports supply financing manufacturing and related inputs such as fuel and electricity

agricultural mechanization in africa south of the sahara especially for small farms and businesses requires a new paradigm to meet the needs of the continent's evolving farming systems can asia with its recent success in adopting mechanization offer a model for africa an evolving paradigm of agricultural mechanization development analyzes the experiences of eight asian and five african countries the authors explore crucial government roles in boosting and supporting mechanization from import policies to promotion policies to public good policies potential approaches presented to facilitating mechanization in africa include prioritizing market led hiring services eliminating distortions and developing appropriate technologies for the african context the role of agricultural mechanization within overall agricultural and rural transformation strategies in africa is also discussed the book's recommendations and insights should be useful to national policymakers and the development community who can adapt this knowledge to local contexts and use it as a foundation for further research

using ghana as a case study this work integrates economic and political analysis to explore the challenges and opportunities of africa's growth and transformation
