in this report the communities and local government committee says the government must stick to its long term house building targets despite the credit crunch but a greater proportion of the homes built should be social housing the committee is concerned that the 975 million borrowed by the government from its 2010 11 budgets to build social rented housing now is not new money and that the government has been unable to say how that borrowing will be replaced the committee urges the department for communities and local government to put pressure on the treasury to ensure measures to revive the mortgage markets are implemented immediately increase construction of new social housing both to provide for housing need and as a means of maintaining capacity in the homebuilding industry whilst the market recovers accelerate refurbishment programmes for social housing acquire further social housing through the purchase of unsold stock and street properties consider the purchase of unsold family homes

which have been on the market for more than a year encourage public sector bodies to make land available for the development of new homes the report also urges the government to do more to help those at risk of repossession by considering sanctions against lenders who repossess too quickly and by doing more to protect tenants and homeowners from unscrupulous landlords an office of fair trading recommendation for sale and rent back schemes should be implemented as a matter of urgency to protect the growing number of households falling behind in mortgage payments the committee would like to see more done to support housing associations including increasing social housing grant where necessary

this is an ideal introduction for all embarking on a degree in politics or international relations starting from the premise that the doing of political science is an active and interactive process of critical evaluation it addresses the crucial question of how as well as what we should study the book examines a wide range of theoretical perspectives and shows how they can be usefully applied to questions such as why do states go to war and in whose interests does the political system work chapters are organized by core areas of study such as power the state policy institutions the media security political economy and show how theories can be used and applied within each topic

in after the credit crunch john redwood describes how the gathering storm of the financial crisis developed and the broke he outlines the way that banks work explains policies such as quantitative easing and guides the reader through the complex world of cdos futures and other sophisticated financial instruments jacket

this paper develops a model of private debt financing under inefficient financial intermediation it suggests a mechanism that can generate the following sequence of events observed in the recent asian crisis a period of relatively low capital flow despite a steady improvement in economic fundamentals capital inflow inertia followed by a fast buildup of capital inflow and ended with a large capital outflow and domestic credit crunch unlike other models requiring large movements in fundamentals or asset prices to explain a financial crisis this model can exhibit large credit capital flow swings with moderate changes in the economic and market environment

tiivistelmä

throughout the last decade latin america has made tremendous progress in undertaking significant structural reforms in many countries state owned enterprises have been privatized basic infrastructure has been built and capital markets have been established in more advanced countries in the region foreign investment flows have soared and trade performance has dramatically improved these reforms are even more remarkable when placed in the context of the numerous upheavals both economic and financial that have affected the region in recent years however latin america is also a region that has failed to deliver the kind of economic performance that most observers expected given its wealth of natural resources proximity to

north america and europe and relative level of development despite the region's indisputable economic and social accomplishments gains have varied widely among these countries while some have successfully implemented macroeconomic political and institutional reforms many countries have yet to create the necessary conditions for fostering economic growth and competitiveness the latin american competitiveness report 2001 2002 highlights the prospects for growth in the region and more importantly reveals the obstacles to competitiveness through in depth analysis of regional trends and detailed country profiles the report assesses the comparative strengths and weaknesses of the leading economies in latin america it also contains essays on a variety of issues relevant to competitiveness along with an assessment of the impact of the events of september 11th on the longer term prospects of the region the latin american competitiveness report 2001 2002 is an invaluable tool for policymakers business strategists and other important stakeholders as well as essential reading for all with an interest in the region

this first historical study of u s budget policy covering the last three decades places the budget at the center of modern american politics and adds an important dimension to the understanding of recent events
