tourism as a global industry is essentially a post second world war phenomenon though a number of research papers and articles have been written on different aspects of tourism there has been a need for an authentic comprehensive reference book on tourism tourism is an ever expanding service oriented industry with high growth potential for national as well as for international community today tourism has become a global as well as national level exhibition and description of places prosperity higher standards of living and the fast growing concept of paid holidays the process of tourism incorporates man space and time as its principal components as such it has far reaching significance and implications of a socio economic nature alongside the environment ones the tourism has emerged as a most instrumental phenomenon in the economic and social development of any society the main objective of the present book of tourism is to organize and put together the different aspects of this complex matrix of the multiple interrelated dimensions of the tourism

principles of tourism

this book provides an overview of the history and evolution of tourism to the present and speculates on possible and probable change into the future it discusses significant travel tourism and hospitality events while referring to tourism related notions and theories that have been developed since the

beginnings of tourism its scope moves beyond a comprehensive historical account of facts and events instead it bridges these with contemporary issues challenges and concerns hence enabling readers to connect tourism past with the present and future this textbook aspires to enhance readers comprehension of the perplexed system of tourism promoting decision making and even the development of new theories this book will be of great interest to academics practitioners and students from a wide variety of disciplines including tourism hospitality events sociology psychology philosophy history and human geography

tourism is the world's second largest industry employing on an average one out of twenty adult men and women world wide and the ratio is one out of ten when it comes to the developed countries like usa the growing ranks of international leisure travellers are being influenced by business travellers who are flooding into india as a result of economic liberalisation it is thus imperative that our professional tourism corps be trained to meet these exacting requirements both in public and private sectors the increasing understanding of these needs is leading to the development of institutes training centres and academic programmes in tourism management there is thus a great need for comprehensive professional literature this two volume series volume one tells readers all that they want to know about tourism its history networks and intricate operations volume two discusses in detail how different tourism sectors operate and market themselves travel agencies tour operators hotels restaurants airlines as well as the impact of changing technology on their activities

this innovative volume focuses on tourism through the twin lenses of cultural theory and cultural geography presenting a set of innovative case studies on tourist destinations around the world the contributors explore the paradoxes of the tourist experience and the implications of these paradoxes for our broader understanding of the problems of modernity and identity the book examines how tourism reveals the paradoxical ways that places are both mobile and rooted real and fake inhabited by those who are simultaneously insiders and outsiders and both subjectively experienced and objectively viewed the concepts of travel and mobility long have been used to explain modern identity and social behavior but this work pushes beyond the established literature by considering the ways that place and mobility are inherently related in unexpected even contradictory ways travel the international cast of authors contends occurs in place rather than between places thus instead of offering yet another interpretation of the ways modern societies are distinguished by their mobilities in contrast to the supposed place bound quality of traditional societies the chapters here collectively argue for an understanding of modern identity as simultaneously grounded and mobile this rich blend of empirical and theoretical analysis will be invaluable for cultural geographers anthropologists and sociologists of tourism
