for a better worldliness is not only a statement of abraham kuyper s and dietrich bonhoeffer s theological concept and historical practice of discipleship it is also and perhaps more importantly a call to engage in the fullness of the christian life here and now while this book goes to great efforts to establish sound historical and theological insights specifically in regards to kuyper and bonhoeffer there is a strong underlying current that these particular insights deeply matter to the life of discipleship in the world today history shows us that discipleship is not a singular journey because of jesus christ it is not a description of one set path with one set of guidelines a disciple can be a prime minister who unabashedly and successfully campaigned on his calvinistic principles just as he can be a participant in a coup d état launched against a tyrant leading to the disciple s own imprisonment and death jesus christ calls whether to the height of political office or to the dank prison cell or more likely for us to somewhere in between

things do exist that are worth standing up for without compromise to me it seems that peace and social justice are such things as is christ himself these are words dietrich bonhoeffer spoke to his brother a few months before he began training future pastors in the ways of discipleship for several years he had been speaking out against war near the beginning of the anti semitic nazi regime he called on his fellow christians to speak out against a state that was engaging in oppressive measures to respond to victims of oppression and to be willing to suffer as a church if it was required to stop such oppression his vision for training disciples was rooted in pure doctrine serious worship a new kind of monasticism and the sermon on the mount bonhoeffer was convinced that through the living presence of jesus and the explosive teachings of the sermon on the mount lies the force that can blow all this hocus pocus sky high like fireworks leaving only a few burnt out shells behind this is the legacy of this extraordinary theologian that this book seeks to recover exploring how this was lived out in a world full of nazis

the bible is meant to be read in the church by the church as the church following the

than a series of reflections it is an invitation to transform one's understanding of discipleship and to live out that calling with renewed purpose and conviction

this is the first book to focus on the ethic that Dietrich Bonhoeffer constructed during the 1930s an ethic he crafted while playing a key role in Christian resistance to Nazism and an ethic still inspiring politically active Christians the ethic of discipleship this study argues represents a reworking of the Christian faith so that it becomes actively opposed to totalitarianism this book therefore adds a significant dimension to the published record concerning the German theologian and pastor executed in 1945 for conspiring to assassinate Hitler and overthrow the Third Reich since an ethic reflects more than a cognitive assent and has emotional and experiential dimensions the author's approach is socio-psychological drawing on the large documentary record of Bonhoeffer's family relations reductionism however is rejected in this book which gives social psychology parity but not superiority in understanding Bonhoeffer's religious quest and political dialogue

in 1937 on the threshold of Nazi Germany's war on the world Dietrich Bonhoeffer wrote what turned out to be one of the most influential books of the century *The Cost of Discipleship* in it he challenged the flabby faith and compromises of German Christians famously writing when Christ calls a man he bids him come and die now seventy-three years after the book was first published Jon Walker writes *Costly Grace* a contemporary view of Dietrich Bonhoeffer's *The Cost of Discipleship* Walker brings to a new generation the timeless message of Bonhoeffer against the background of today's political upheaval and societal change and what it means to those who claim to follow Christ's teachings
