la publicación de este volumen representa un caso relativamente insólito un pequeño grupo de jóvenes investigadores de menos de treinta años convence a un grupo mucho más numeroso de la misma edad para celebrar en salamanca la first conference of young researchers on anglophone studies el resultado es deslumbrante no solo demuestran una gran capacidad organizativa sino que los resultados individuales de las aportaciones científicas son sobresalientes este volumen current trends in anglophone studies recoge una selección revisada de las propuestas presentadas en el encuentro y gira en torno a una estructuración tripartita clásica estudios culturales lingüísticos y literarios en ella caben todos aquellos que se mueven en el campo de los estudios anglófonos cada uno de estos campos podría haber sido suficiente para celebrar un congreso pero parece razonable que en este tipo de encuentros tengan cabida todos de ese modo este volumen se convierte en un ejemplo de aproximación interdisciplinar a los estudios anglófonos desde un punto de vista cuantitativo los estudios culturales ocupan sin duda un espacio menor sin embargo sobresale la variedad de temas tratados así como la internacionalización de los autores dentro de este apartado estudiantes españoles e italianos acometen estudios relacionados con la música la pintura el cine la traducción la marginalidad social o el impacto de las nuevas tecnologías en la producción artística si no pareciera demasiado atrevido podría decirse que estos jóvenes estudiosos irían más allá de lo que un día ya lejano pudieron imaginar richard hoggard o raymond williams los estudios aquí presentados reflejan sin duda la evolución que la propia sociedad ha experimentado en estos últimos cincuenta años y exploran la relación entre las prácticas culturales la vida diaria y los contextos económicos políticos e históricos no es de extrañar que una gran parte de las contribuciones presentadas en este volumen se centren en el estudio de la lengua ya que la demanda del inglés se ha incrementado de forma considerable en los últimos años sobresalen los análisis puramente filológicos y sobre todo los relacionados con el aprendizaje del inglés como segunda lengua por eso destacan estudios que contemplan rasgos morfológicos léxicos o sintácticos sin embargo el mayor número de participaciones hace referencia al ya citado aprendizaje del inglés como l2 tanto desde el análisis de materiales como desde la práctica oral o escrita las contribuciones literarias ofrecen una evaluación teórica formal e interpretativa de distintas tendencias desde perspectivas tanto interdisciplinares como interculturales cronológicamente los estudios abarcan textos desde el siglo xviii hasta nuestros días con un acento especial en los autores más contemporáneos y en el género narrativo en general estos estudios se fijan en textos concretos y los analizan desde perspectivas culturales sociológicas o psicológicas pero abundan menos las aproximaciones desde la teoría literaria desde la técnica narrativa o como tal vez cabría esperar al tratarse de estudiantes tan jóvenes desde la aplicación de las nuevas tecnologías por el contrario se repiten temas como los traumas heredados de la guerra de vietnam las cicatrices del 11 de septiembre o los problemas de género en definitiva se trata de una selección de artículos claramente prometedora que transmite la seguridad de que el futuro de la filología inglesa está en buenas manos y podrá experimentar una positiva evolución en los próximos años por todo ello hay que felicitar a todos los participantes individuales y sobre todo a los organizadores del evento y editores de este volumen que han demostrado una enorme capacidad de trabajo y de saber hacer

academic writing

English in academic and professional settings has received great attention over the last 50 years as its use has become a key asset for anyone interested in improving his or her chances of communicating internationally. However, it still offers rich opportunities for teachers and researchers working on English in specific settings. The aim of English for Professional and Academic Purposes is to offer an overview of several topics within the field of discourse analysis applied to English in academic and professional domains. The book compiles contributions from different origins ranging from Japan to the USA and several European countries and covers English as a native second foreign and international language. It also deals with various specialities including academic writing, business discourse or English for medicine, nursing, maritime industry and science and engineering. This volume is divided into three sections: discourse analysis of English for academic purposes, professional English and EAP pedagogy. Since it was conceived as a contribution to the research on how English is analysed as both the discourse of and for effective communication in academic and professional settings and how it can be applied to teaching, this manuscript offers some fresh insights for those involved or interested in this field of expertise in an attempt to shed some light on its latest innovations.

This is a collection of invited papers that honours Professor Jacob Mey on the occasion of his eightieth birthday. Professor Mey is and has for a long time been at once one of the most respected enterprising, industrious, scholarly and now avuncular members of the numerous linguistics communities in which he has worked. He has made over a distinguished working life significant contributions to all of the sub-disciplines of linguistics from phonetics through phonology, morphology, syntax, semantics and especially pragmatics. He has sought to make connections between these sub-disciplines and broader areas of thought. These connections have resulted in ground-breaking advances in, for example, Japanese sociolinguistics, pragmatics and artificial intelligence, Marxist linguistics, pragmatics and therapy, pragmatics and machine-processed information, gender and language, literary pragmatics and societal pragmatics. The collection ends with an in-depth discussion between Professor Mey and one of the editors in which Professor Mey speaks fully and frankly about his life in language and language in life.
