this second edition of the handbook of victims and victimology presents a comprehensively revised and updated set of essays bringing together internationally recognised scholars and practitioners to offer substantial research informed overviews within their specialist fields of investigation this handbook is divided into five parts with each part addressing a different theme within victimology part i offers a scene setting exploration of new developments in the field enduring issues that remain relatively unchanged and the gaps and traps within the contemporary victimological agenda part ii examines of the complex dimensions to victim experiences as structured by gender age

ethnicity sexuality and intersectionality part iii reflects on the problems and possibilities of formulating policy responses in the light of the changing appreciation of the nature and extent of victimhood part iv focused on the value of a comparative lens and the problems and possibilities of victim policies when seen through this lens explored along three geographical axes europe australia and asia part v considers other ways of thinking about who counts as a victim and what counts as victimhood and extends the boundaries of the victimological imagination outward building on the success of the previous edition this book provides an international focus on cutting edge issues in the field of victimology including brand new chapters on intersectionality child victims sexuality hate crime and crimes of the powerful this handbook is essential reading for students and academics studying victims and victimology and an essential reference tool for those working within the victim support environment

this important new book on criminology is a major attempt to evaluate actual victim compensation programs as well as their political and economic contexts through the eyes of the victims themselves elias traces the experiences of violent crime victims throughout the entire criminal justice process comparing new york s and new jersey s victim compensation programs he shows how programs differ when compensation is viewed essentially as welfare and when it is viewed as a right the study uses extensive interviews with officials and with violent crime victims the study indicates victim compensation programs largely fail to achieve their stated goals of improving attitudes toward the criminal justice system and the government the programs produce poor attitudes toward government and criminal justice

prior to the emergence of a victims movement in this country in the 1970s crime victims had only limited formal rights and remedies in the modern american justice system with the active encouragement of those involved in the victims movement and guidance supplied by a national task force on victims of crime convened by president reagan in 1982 federal and state authorization of crime victim rights and remedies has increased exponentially in recent years in fact it has been estimated that there are currently tens of thousands of statutes which directly or indirectly affect crime victim rights and interests as well as victim related constitutional provisions in a majority of states tobolowsky describes the constitutional and legislative provisions addressing the principal crime victim rights and remedies and leading judicial opinions that have interpreted them in addition to presenting the current state of law in this area the text describes the status of implementation of these rights and remedies relevant empirical research and a sampling of the pertinent policy analysis this comprehensive portrait of the past and current status of crime victims rights

and remedies in this country will inform the continued evolution of law and practice in this area

many prosecutors and commentators have praised the victim provisions at the international criminal court icc as justice for victims which for the first time include participation protection and reparations this book critically examines the role of victims in international criminal justice drawing from human rights victimology and best practices in transitional justice drawing on field research in northern uganda luke moffet explores the nature of international crimes and assesses the role of victims in the proceedings of the icc paying particular attention to their recognition participation reparations and protection the book argues that because of the criminal nature and structural limitations of the icc justice for victims is symbolic requiring state parties to complement the work of the court to address victims needs in advancing an innovative theory of justice for victims and in offering solutions to current challenges the book will be of great interest and use to academics practitioners and students engaged in victimology the icc transitional justice or reparations
