reader s guide literature in english provides expert guidance to and critical analysis of the vast number of books available within the subject of english literature from anglo saxon times to the current american british and commonwealth scene it is designed to help students teachers and librarians choose the most appropriate books for research and study

hailed as extraordinarily learned new york times blithe in spirit and unerring in vision new york magazine and the definitive record of new york s architectural heritage municipal art society norval white and elliot willensky s book is an essential reference for everyone with an interest in architecture and those who simply want to know more about new york city first published in 1968 the aia guide to new york city has long been the definitive guide to the city s architecture moving through all five boroughs neighborhood by neighborhood it offers the most complete overview of new york s significant places past and present the fifth edition continues to include places of historical importance including extensive coverage of the world trade center site while also taking full account of the construction boom of the past 10 years a boom that has given rise to an unprecedented number of new buildings by such architects as frank gehry norman foster and renzo piano all of the buildings included in the fourth edition have been revisited and re photographed and much of the commentary has been re written and coverage of the outer boroughs

particularly brooklyn has been expanded famed skyscrapers and historic landmarks are detailed but so too are firehouses parks churches parking garages monuments and bridges boasting more than 3000 new photographs 100 enhanced maps and thousands of short and spirited entries the guide is arranged geographically by borough with each borough divided into sectors and then into neighborhood extensive commentaries describe the character of the divisions knowledgeable playful and beautifully illustrated here is the ultimate guided tour of new york s architectural treasures acclaim for earlier editions of the aia guide to new york city an extraordinarily learned personable exegesis of our metropolis no other american or for that matter world city can boast so definitive a one volume guide to its built environment philip lopate new york times blithe in spirit and unerring in vision new york magazine a definitive record of new york s architectural heritage witty and helpful pocketful which serves as arbiter of architects baedeker for boulevardiers catalog for the curious primer for preservationists and sourcebook to students for all who seek to know of new york it is here no home should be without a copy municipal art society there are two reasons the guide has entered the pantheon of new york books one is its encyclopedic nature and the other is its inimitable style smart vivid funny and opinionated as the architectural historian christopher gray once summed it up in pithy w w fashion constance rosenblum new york times a book for architectural gourmands and gastronomic gourmets the village voice

this book reviews the history of the interface between morpho syntax and phonology roughly since world war ii structuralist and generative interface thinking is presented chronologically but also theory by theory from the point of view of a historically interested observer who however in the last third of the book distills lessons in order to assess present day interface theories and to establish a catalogue of properties that a correct interface theory should or must not have the book also introduces modularity the rationalist theory of the human cognitive system that underlies the generative approach to language from a cognitive science perspective modularity is used as a referee for interface theories in the book finally the book locates the interface debate in the landscape of current minimalist syntax and phase theory and fosters intermodular argumentation how can we use properties of morpho syntactic theory in order to argue for or against competing theories of phonology and vice versa

provides descriptions of over 750 landmarks and sixty eight historic districts in all five boroughs of new york city explaining what they are where they are and how to find them and includes a row house architectural style guide maps and an index

the cq press guide to u s elections is a comprehensive two volume reference providing information on the u s electoral process in depth analysis on specific political eras and issues and everything in between thoroughly revised and infused with new data analysis and discussion of issues relating to elections through 2014 the guide will include chapters on analysis of the campaigns for presidency from the primaries through the general election data on the candidates winners losers and election returns details on congressional and gubernatorial contests supplemented with vast historical data key features include tables boxes and figures interspersed throughout each chapter data on campaigns election methods and results complete lists of house and senate leaders links to election related websites a guide to party abbreviations

a thorough inventory of research resources in american repositories the guide lists collections in the history of chemistry and chemical engineering the chemical and pharmaceutical industries and a number of related chemical process industries and businesses from personal and professional papers of chemical scientists and engineers to business records of the chemical process industries
