aspects of their lives from writing persuasive essays to delivering impactful presentations

the design arts from the design of buildings and machines to software and interfaces are associated with types of knowledge and performance thought to be structured modular and systematic such arts have become increasingly prestigious in our technocratic society since aristotle the art of rhetoric was conceived as a loosely structured practical art thought to be limited in the extent to which it could mimic more precise subject matters the art of rhetoric has been controversial since classical times but its status has sunk even lower since the industrial revolution a point when civic cultures began to cede authority and control to the cultures of specialized experts many sympathizers of rhetoric have resisted its decline by calling for a civic art of public discourse to stand in opposition to a technocratic specialized discourse that has come increasingly to disenfranchise the ordinary citizen this is the first book to question the rhetoric technical knowledge split from a more fundamental perspective to get some perspective on what is at stake in rhetoric s traditional classification as a practical art the authors explore the distinction between practical and design arts enumerate the various criteria cited in the literature for qualifying a cluster of knowledge and performative skills to count as an art of design show how the knowledge and performative skills associated with the art of rhetoric meet the major requirements of design knowledge propose a general architecture of rhetorical design one descriptive both of civic address and specialized academic argument turn to the lincoln douglas debates to embody and provide some empirical support and illustration for their architecture demonstrate how lincoln and douglas can be thought of as expert designers whose rhetoric is highly structured and modular and explain how the rhetoric of both rhetorical agents can be represented in the layers and modules that one needs to display plans for buildings software or other design artifacts these layers and modules are not just post hoc annotations of the debates they also illuminate new and systematic ways for viewing the debates and by implication other specimens of rhetoric in terms of strategies of artistic production kaufer and butler conclude their presentation by citing some of the research and educational implications that follow from housing rhetoric within the family of design arts

this handbook explores every aspect of the prosecutor s multiple roles relating them to commonly encountered real world situations and giving pragmatic guidance for dealing with those situations it investigates the history theory and philosophy of prosecution and provides the student with a conceptual framework for employing sound techniques of ethical prosecutorial advocacy by looking at each stage of the criminal prosecution from the unique vantage point of the prosecutor it enables students to receive maximum benefit from the clinical setting and prepares them for the efficient discharge of their duties as entry level prosecutors

focusing on the interrelations between mental activity and the use of semiotic systems by humans animals and machines

the market leader in argumentative rhetorics writing arguments has proven highly successful in teaching students to read arguments critically and to produce effective arguments of their own with its student friendly tone clear explanations high interest readings and examples and well sequenced critical thinking and writing assignments

writing arguments offers a time tested approach to argument that is interesting and accessible to students and eminently teachable for instructors throughout the book the authors approach argument rhetorically by emphasizing audience and context at every stage of the construction of an argument writing arguments moves students beyond a simplistic debate model of argument to a view of argument as inquiry and consensus building as well as persuasion in which the arguer negotiates with others in search of the best solutions to problems

in this work of historically informed political theory kimberly smith sets out to understand how nineteenth century americans answered the question of how the people should participate in politics did rational public debate the ideal that most democratic theorists now venerate transcend all other forms of political expression how and why did passion disappear from the ideology if not the practice of american democracy to answer these questions she focuses on the political culture of the urban north during the turbulent jacksonian age roughly 1830-50 when the shape and character of the democratic public were still fluid smith's method is to interpret in light of such popular discourse as newspapers and novels several key texts in nineteenth century american political thought frederick douglass's fourth of july speech and narrative angelina grimke's debate with catharine beecher frances wright's lectures and harriet beecher stowe's uncle tom's cabin such texts smith finds highlight many of the then current ideas about the extremes of political expression her readings support the conclusions that the value of rational argument itself was contested that the emergent enlightenment rationalism may have helped to sterilize political debate and that storytelling or testimony posed an important challenge to the norm of political rationality smith explores facets of the political culture in ways that make sense of traditions from whiggish resistance to protestant narrative testimony she helps us to understand such puzzles as the point of mob action and other ritualistic disruptions of the political process our simultaneous attraction to and suspicion of political debates and the appeal of stories by and about victims of injustice also found in her book are keen analyses of the antebellum press and the importance of oratory and public speaking smith shows that alternatives to reasoned deliberation like protest resistance and storytelling have a place in politics such alternatives underscore the positive role that interest passion compassion and even violence might play in the political life of america her book therefore is a cautionary analysis of how rationality came to dominate our thinking about politics and why its hegemony should concern us ultimately smith reminds the reader that democracy and reasoned public debate are not synonymous and that the linkage is not necessarily a good thing

advanced legal writing theories and strategies in persuasive writing is exceptionally well suited for use in upper level legal writing courses that focus on strategy the author's distinctive approach emphasizes persuasive writing strategies and explores specific techniques for legal writers combines theory with practicality by taking an interdisciplinary approach avoids a documents based approach going beyond the trial or appellate brief to identify effective strategies for a broad range of documents and settings follows a consistent format offering for each writing strategy an explanation of its nature and characteristics an account of the theoretical principles that explain their effectiveness detailed how to guidelines for students to use in their own writing numerous examples of proper use of the strategy and exercises consideration of ethical implications a

thorough teacher's manual the book is divided into five main parts that cover literary references and their value in persuasive writing the three basic processes of persuasion logic and rational argument emotional argument and establishing credibility rhetorical style persuasive writing strategies based on psychology theory the ethics and morality of persuasion be sure to review advanced legal writing theories and strategies in persuasive writing before you make an adoption decision for your course
