an important study on the effects of economic performance on elections

this edited collection looks at the emerging relationship between politics and economics the analysis of power relations traditionally the focus of political science is becoming increasingly important to economists in order to understand concepts such as the contested nature of market exchanges these papers examine power relations in the firm and the market place and offer an economic perspective of political relations the

book is divided into three sections politics and power in economic organizations the economic analysis of political organizations politics economics and social change the final section considers how a combination of economic and political tools can be used effectively to analyse social change

the political economy is ideally suited as a supplementary text for courses in american government and politics policy studies business government relations and economic issues and policy making it integrates selections from the very finest new and classical works of political and economic analysis by distinguished scholars into a comprehensive overview of the american political system

the only book on the market to include classical and contemporary readings from key authors in philosophy politics and economics ppe this unique anthology provides a comprehensive overview of the central topics in this rapidly expanding field each chapter opens with an introduction that helps students understand the central arguments and key concepts in the readings the selections encourage students to think about the extent to which the three disciplines offer complementary or contradictory ways of approaching the relevant issues philosophy politics and economics an anthology is ideal for undergraduate ppe programs and courses in political philosophy and political economy

resource security is a new battleground in the international politics of the asia pacific with demand for minerals and energy surging disputes are emerging over access and control of scarce natural resource endowments drawing on critical insights from political economy this book explains why resources have emerged as a source of inter state conflict in the region jeffrey wilson shows how resources have emerged as a new cause of tension between key regional powers including china japan indonesia russia and the united states he focuses on three in depth case studies of contemporary resource conflicts in asia the regional scramble for oil and gas the iron ore war between australia and china and the threat of rare earth minerals to economic and military security international resource politics in asia pacific will appeal to students and academics of international political economy international relations and asian studies it will also be of interest to policymakers practitioners managers and analysts of the asia pacific region

for most of this century the habit of thinking about politics and economics in terms of grand and simple alternatives has exerted a powerful influence over the minds of those concerned with economic organization politics economics and welfare is a systematic attack on the idea of all embracing ideological solutions to complex economic problems

for most of this century the habit of thinking about politics and economics in terms of grand and simple alternatives has exerted a powerful influence over the minds of those concerned with economic organization politics economics and welfare is a systematic attack on the idea of all embracing ideological solutions to complex economic problems

an updated and expanded edition of the classic introduction to ppe philosophy politics and economics coauthored by one of the field's pioneers philosophy politics and economics offers a complete introduction to the fundamental tools and concepts of analysis that ppe students need to study social and political issues this fully updated and expanded edition examines the core methodologies of rational choice strategic analysis norms and collective choice that serve as the bedrocks of political philosophy and the social sciences the textbook is ideal for advanced undergraduates graduate students and nonspecialists looking to familiarize themselves with ppe's approaches starting with individual choice the book develops an account of rationality to introduce readers to decision theory utility theory and concepts of welfare economics and consumer choice theory it moves to strategic choice in game theory to explore such issues as bargaining theory repeated games and evolutionary game theory the text also considers how social norms can be understood observed and measured concluding chapters address collective choice social choice theory and democracy and public choice theory's connections to voters representatives and institutions rigorous and comprehensive philosophy politics and economics continues to be an essential text for this popular and burgeoning field the only book that covers the entirety of ppe methods a rigorous nontechnical introduction to decision theory game theory and positive political theory a philosophical introduction to rational choice theory in the social sciences

this book presents the latest research in the field of political economy dealing with the integration of economics and politics and the way institutions affect social decisions the authors are eminent scholars from the u s canada britain spain italy mexico and the philippines many of them have been influenced by nobel laureate douglass north who pioneered the new institutional social sciences or by william h riker who contributed to the field of positive political theory the book focuses on topics such as case studies in institutional analysis research on war and the formation of states the analysis of corruption new techniques for analyzing elections involving game theory and empirical methods comparing elections under plurality and proportional rule and in developed and new democracies

allan drazen focuses on the implications of political and economic outcomes rather than political and public choice per se limiting his coverage to macroeconomics

introductory books on economics pages 4 5

in this timely book theodore koutsobinas explores the system of status markets and their social effects including inequality he explains how media fascination with superstars and luxury consumption goods amplify positional concerns for all distort t

of all of the lies fragile alliances and predatory financial dealings that have been revealed in the wake of the global financial crisis of 2008 we have yet to come to terms with the ways in which structural inequalities around gender and race factor into and indeed make possible the current economic order scandalous economics is about silences the astonishing neglect of gender and race in explanations of the global

financial crisis but it is also about noises the sexual scandals and gendered austerity policies that have relegated public debate and the crisis itself into political oblivion while feminist economists and movements such as occupy wall street have pointed to the distributional inequalities that are an effect of financial deregulation scholars haven t really grappled with the representational inequalities inherent in the way we view the politics of the market for example capitalism won t be made more equitable simply by appointing women to leadership positions within financial firms or corporations and the next crisis will not be averted if our understandings of gendered inequalities are framed by sexual scandals in media and popular culture we need to look at the activities and the privileges of the advantaged the ted women of the crisis as much as the victimization of the disadvantaged to fully grasp the interplay between gender and economy in this fragile age of restoration scandalous economics breaks new ground by doing precisely this it argues that normalization of the post gfc economic order in the face of its obvious breakdown s has been facilitated by co optation of feminist and queer perspectives into national and international responses to the crisis scandalous economics builds upon the occupy movement and other critical analysis of the gfc to comprehensively examine gendered material ideational and representational dimensions that have served to make the crisis and its effects the new normal in europe and america as well as latin america and asia
