first published in 2002 volume 3 of the notes on the notebooks of samuel taylor coleridge spanning from 1804 to 1819 the volume is in two parts text and notes during his adult life until his death in 1834 coleridge made entries in more than sixty notebooks neither commonplace books nor diaries but something of both they contain

notes on literary theological philosophical scientific social and psychological matters plans for and fragments of works and many other items of great interest shortly after world war ii kathleen coburn formerly of victoria college in toronto rediscovered this great collection of unpublished manuscripts with the support of the coleridge estate she embarked on a career of editing and publishing these volumes and was awarded with many honours for her work including a leverhulme award 1948 a guggenheim fellowship 1953 a fellowship in the royal society of canada 1958 the order of canada 1974 and an honorary doctorate from her own university originally projected as a five volume set each volume consisting of a book of text and a book of notes

this book argues that the songs on bob dylan s john wesley harding are deeply concerned with the fractures in collective memory and politics contemporary with its composition and recording the songs are thorough investigations of the ethics of memory in america critics and curators frame this song series as a return to dylan s folk roots and as a retreat from the political specifically critics argue that dylan on this album retreats from the explicitly political into the realm of timeless universal moral concerns as if these discourses can be so separated the present book seeks to remedy these oversights and illuminate the reception of dylan s songwriting art the summer of 1967 was understood by white middle class young people as the summer of love for african americans 1967 was understood as the long hot summer of racial tension and rioting dylan s aversion to the summer of love is well documented and john wesley harding is understood by critics as yet another step by dylan away from his audience s desires this book examines what the album s provocation entails it asserts that the album is a reckoning with the tensions in american memory and history that subtend the explosive long hot summer the book deploys a method informed by poststructuralism especially the work of jacques derrida to a dismantle the notion of original and authentic forms and histories to which one can return and b explain how this ironic dismantling expresses a deeply felt ethical response to american memory and its discontents in so doing the book asks how art can respond to our chaotic and strife ridden century

the magnetic aura surrounding sudbury for both the living as well as the once alive is the backdrop for tales of mystery wonder and outright horror i tried to leave is a common theme for those from the sudbury region people often vow to move away but something about the nickel city keeps luring them back whether it s the taste of fresh air or just the sulphur in the air it s hard to move beyond the black rocks endless lakes and great openness without longing to come home some are so attached to the northern community that they choose to stick around even when their physical life is over after all if the living can t leave the place behind why should the dead spooky sudbury explores the magnetic aura surrounding the city for the living as

well as the once alive in these tales of the supernatural

freud's british family presents ground breaking research into the lives of the british branch of the freud family their connections to the founder of psychoanalysis and into freud's relationship to britain documenting the complex relationships the elder freud brothers had with their much younger brother sigmund freud's british family reveals the significant influence these hitherto largely forgotten freuds had on the mental economy of the founder of psychoanalysis roger willoughby shows how these key family relationships helped shape freud's thinking attitudes and theorising including emerging ideas on rivalry the oedipus complex character and art in addition to considering their correspondence and meetings with freud in continental europe the book carefully documents freud's own visits to his brothers and to britain in 1875 and again in 1908 freud's british family concludes with a discussion of freud's final 15 months in london after he left nazi vienna as a refugee freud's british family offers a rich contextualised understanding of the sibling familial and socio cultural ties that went into forming the tapestry of psychoanalysis freud's british family will be of great interest to psychoanalysts and psychotherapists in practice and in training and to scholars of the history of psychoanalysis twentieth century history psychosocial studies and jewish studies
