described by José García Villa as America's greatest short story writer by Alistair Cooke as the unrecognized genius of our time and by his biographer as one of the most remarkable talented and shamefully neglected writers that America has produced William March 1893-1954 is remembered if at all for the bad seed which March ironically regarded as his worst work the emphasis in the two worlds of William March is on the literary career and we get a fairly full picture of a hardworking oversensitive compassionate bachelor who suffered a tragic breakdown late in life and whose best long works Company K and The Looking Glass as well as March himself are almost forgotten Simmonds's comprehensive scholarly and sympathetic study may redress this unwarranted neglect
