in this collection of 65 short poems Roberta Quance exemplifies the range vitality and inner mysticism of work by one of Spain's foremost if controversial contemporary female poets drawing on the contents of a number of Spanish collections

Volcanic Reflections: a Bilingual Anthology of Contemporary Ecuadorian Poetry is the third in a series of books that aspires to address a dearth of information in the English-speaking world about South American poetry of the past thirty years. The nineteen outstanding poets included here represent a wide diversity of themes, styles, and perspectives in one of South America's smaller nations. All of them have published extensively, have been recognized through literary awards and inclusion in national and international anthologies, and continue writing and publishing today for readers unfamiliar with Ecuador. The introduction provides a brief background of its geography, history, politics, economy, and society. This is followed by an ample selection of representative poems published previously in Spanish with translations in English on facing pages. The book concludes with a brief biographical sketch of each poet and an unprecedented bibliography of primary and

secondary sources for those readers who might want to pursue further reading or research on any poet of interest contemporary uruguayan poetry a bilingual anthology and exotic territory a bilingual anthology of contemporary paraguayan anthology are two companion volumes that offer similar exposure to poetry that deserves to be better known in the english speaking world

this study focuses upon the work of the catalan woman poet maria mercè marçal it analyses the interaction between body and language in her first five books of poetry drawing on the italian feminist thought of il pensiero della differenza sessuale it examines the ways in which marçal s poetic images display her catalan feminine subjectivity including the function of the poet the space of poetry and the representation of love it also explores the potentiality of the space of poetry to reconstruct female identity and reconfigure reality in addition it unravels the way in which the poet uses poetry to express the love for the other whilst also extending the boundaries of the self the central concern is to bridge the fissure between female experience and universal precepts on the art of poetry through the predominance of an embodied and natural iconography this study presents marçal s poetic compositions within the international panorama of poetry and feminist studies and aims to open up new terrains of discussion in the field of language body and writing

futurism began as an artistic and social movement in early twentieth century italy until now much of the scholarship available in english has focused only on a single individual or art form this volume seeks to present a more complete picture of the movement by exploring the history of the movement the events leading up to the movement and the lasting impact it has had as well as the individuals involved in it the history of futurism the precursors protagonists and legacies addresses the history and legacy of what is generally seen as the founding avante garde movement of the twentieth century geert buelens harald hendrix and monica jansen have brought together scholarship from an international team of specialists to explore the futurism movement as a multidisciplinary movement mixing aesthetics politics and science with a particular focus on the literature of the movement
