this first serious empirical work to study administrative ethics refutes the arguments that administrative ethics cannot be studied in an empirical manner and that empirical analysis can deal only with the trivial issues in administrative ethics within a theoretical perspective the authors

carefully qualify their findings and take great care not to overgeneralize results specific areas addressed include understanding public corruption ethics as control and ethics as administration and policy

exploring the ethical frameworks and principles upon which governments can and should base their policies this study draws on papers from the 2009 ethical foundations of public policy conference held in wellington covering topics such as ethics in decision making and advice giving sustainability equality and justice and measuring progress the examination contends that interplay between ethical considerations and policy creation is often complex controversial and challenging but that the careful management of this interplay is vital to the effective functioning of liberal democratic government demonstrating the inextricable link between ethics and public policy this is essential reading for policymakers students and those interested in the policy process

make the right choice enhance your ethical decision making skills today ethical issues arise in all walks of life but none have implications as far reaching and serious as those related to public management most people working in the public sector want to do the right thing but the issues can be highly complex or just not lend themselves to easy answers practical ethics in public administration third edition provides the tools techniques and methods needed to help meet these challenges this completely updated third edition provides public sector professionals the information they need to face the ethical issues that arise in the course of a day s work address those issues with greater self assurance perform their duties in an ethically justifiable manner and explain their actions reasonably this new edition covers emerging ethical issues surrounding public private partnerships examines the shift from compliance based to integrity based ethics programs explores the context of moral competency

this book by a group of specially selected scholars focuses on topics of current debate in the field of public service ethics the subjects covered include codes of ethics how ethics can be taught the dilemma of tragic choices administrative discretion and the protection of human rights the interests of the state secrecy and freedom of information the democratic environment and the relevance of the law and trade unions

an original and groundbreaking book addressing the problems of administrators facing ethical dilemmas public service ethics continues to attract public interest and new facets have emerged in recent years this book contains 14 specially written chapters by internationally renowned senior scholars who share an interest in practical issues associated with public service ethics the developed focus is in the direction of ethical issues associated with implementing the ideas of democracy

sets the agenda for a decade's worth of research in the theory and practice of ethics in the public sector this volume represents research on administrative ethics and features contributions by many of the leading figures in the field and addresses both the managerial and individual moral dimensions of ethical behavior

ethics and accountability have become important themes for modern government as in most of the countries there is a severe crisis of legitimacy increasingly there is a feeling that performance management alone will not solve this crisis citizens also expect from politicians and public servants ethical responsible conduct as to the ethics however there is a problem governance and new public management have raised new problems which cannot be solved by referring to the traditional bureaucratic ethics devolution and decentralisation processes have enhanced the responsibility of public servants the increase of transparency and openness and the service orientation of public organisations have challenged the traditional values of discretion and equality before the rule the growing interaction between the public and the private sector have raised the question of integrity in light of these developments it is important to update the ethical system or reversibly the traditional values of the public service can question some actual evolutions in government

praise and reviews this book on ethics is long overdue thoughtful yet thoroughly practical it will help public relations professionals tussling with ethical dilemmas the ethical decision making models will be especially useful mike granatt fipr partner luther pendragon former director general of the government information and communications service gics canada ethical questions and dilemmas are inherent to public relations and ensuring that practitioners operate ethically is fundamental to the professionalism and credibility of the field ethics in public relations gives readers the tools and knowledge to enable them to make defensible decisions and outlines the important ethical concerns in public relations and corporate communications written in a practical and approachable style this is not another tome on ethical theory but rather a clear insight into the personal and professional issues that affect public relations practitioners it examines how an individual's sense of morality has an impact on decision making and ethical business behaviour overall the purpose of ethics in public relations is threefold to provide a framework for understanding important ethical issues in public relations and corporate communications now and in the future to help develop an attitude that supports the concept that ethics are key to professionalism and credibility in the field to assist in everyday ethical decision making written by a leading academic in the field this practical and engaging title is a must have for any public relations practitioner or student who wants a framework that relates underlying ethical theories to everyday issues

ethics in public policy and management a global research companion showcases the latest research from established and newly emerging scholars in the fields of public management and ethics this collection examines the profound changes of the last 25 years including the rise of new public management new public governance and public value how these have altered practitioners delivery of public services and how academics think about those services drawing on research from a broad range of disciplines ethics in public policy and management looks to reflect on this changing landscape with contributions from asia australasia europe and the usa the collection is grouped into five main themes theorising the practice of ethics understanding and combating corruption managing integrity ethics across boundaries expanding ethical policy domains this volume will prove thought provoking for educators administrators policy makers and researchers across the fields of public management public administration and ethics

ethics and integrity in public administration presents cutting edge perspectives on the role of ethics in public sector management what it is and where it is going the contributors include a cross section of authoritative authors from around the globe and from both the academy and government they cover a wide range of topics diverse theoretical and conceptual paradigms and global examples and provide a broader view than what is typically offered in other books the book includes both theoretical insights and commentaries grounded in practice chapters are divided into three parts ethical foundations and perspectives ethical management and ethical leadership and international and comparative perspectives

the groundbreaking ethics in public administration set the agenda for a decade s worth of research in the theory and practice of ethics in the public sector this long awaited follow up volume represents the state of the art in research on administrative ethics it features all new contributions by many of the leading figures in the field and addresses both the managerial and individual moral dimensions of ethical behavior as well as new challenges to administrative ethics posed by globalization a detailed introduction opening passage and conclusion lend context to each of the book s four main sections ethics in public management is must reading for any graduate level course in public sector ethics

ethics in public administration understanding ethics corruption and public policy provides students with a timely and valuable collection of articles essays and case studies regarding ethical challenges expectations and opportunities in publ

are public officials morally justified in threatening violence engaging in deception or forcing citizens to act for their own good can individual officials be held morally accountable for the wrongs that governments commit dennis thompson addresses these questions by developing a conception of

political ethics that respects the demands of both morality and politics he criticizes conventional conceptions for failing to appreciate the difference democracy makes and for ascribing responsibility only to isolated leaders or to impersonal organizations his book seeks to recapture the sense that men and women acting for us and together with us in a democratic process make the moral choices that govern our public life thompson surveys ethical conflicts of public officials over a range of political issues including nuclear deterrence foreign intervention undercover investigation bureaucratic negligence campaign finance the privacy of officials health care welfare paternalism drug and safety regulation and social experimentation he views these conflicts from the perspectives of many different kinds of public officials elected and appointed executives at several levels of government administrators judges legislators governmental advisers and even doctors lawyers social workers and journalists whose professional roles often thrust them into public life in clarifying the ethical problems faced by officials thompson combines theoretical analysis with practical prescription and begins to define a field of inquiry for which many have said there is a need but to which few have yet contributed philosophers political scientists policy analysts sociologists lawyers and other professionals interested in ethics in government will gain insight from this book

this is an accessible introduction to the role of ethics in public services management it is written for new and experienced managers undergraduate and postgraduate students of the public services ethical management for the public services deals with key issues for public services managers integrates theory and practice throughout uses vignettes case studies and original research from various countries to illustrate the issues helps managers identify ethical dilemmas provides ethical frameworks to support managers in their practical decisions explores ethical relationships between managers and a range of stakeholders including politicians citizens and clients locates ethics at different levels the individual the organizational and the societal

encouraging ethics and preventing corruption brings theory and practice together in addressing the question how are we to be ethical in public life and through public institutions it is a major contribution to public sector ethics within australia and internationally because it provides an exhaustive analysis of reform across a decade in one jurisdiction queensland and then proceeds to itemise a best practice integrity system or ethics regime drawing on the extensive research of two of australia s leading practical ethicists this text is essential reading for all students and practitioners of applied and professional ethics in the public sphere part a of the text provides a preferred theoretical and conceptual framework which both justifies and guides the development of a public sector ethics regime part b examines the place of the individual within a world of institutional ethics part c outlines the queensland governance reforms introduced since 1989 following the fitzgerald inquiry which exposed corruption in the police and ministry the final chapter the

epilogue gathers the insights of earlier chapters and suggests a more explicitly ethics centred approach to governance reform that may take us beyond best practice clearly while it is the Australian context we have in mind we are confident that this is a text which addresses the quest for integrity and ethics in government wherever society is committed to social and liberal democratic ideals

newly revised edition of the classic text for ethics in public service since it was first published in 1991 the ethics challenge in public service has become the classic text on public sector ethics used by public managers and in public administration programs across the country this essential text features strategies tactics analytic tools and on the job cases that have become invaluable for public managers and staff resolving ethical dilemmas a digital instructor's guide is available that has resources discussion questions and slide templates for each chapter this thoroughly revised and updated fourth edition features a wealth of new material on topics including the ethics of information e.g. social networking wikileaks information management and e government the interaction between the branches of government including expanded coverage of the role of the judiciary global trends and links with practical concerns of American and international readers determining the public interest and understanding how members of the public administrators and elected officials can work towards achieving this interest the relationship between ethics and accountability in government the ethics challenge in public service is an ideal textbook for foundation courses in public administration as well as for courses in public sector ethics it also serves as a valuable tool for public managers who work in a world filled with ethical challenges the grey areas of decision making rather than those that are black and white

this is much more than a conventional reference guide the 12 carefully written chapters examine significant issues and contemporary views of many of the basic problems in the field topics are approaches to the study of ethics in government ethical dilemmas and standards for public officials techniques for incorporating ethical considerations in policy making and several substantive problems professional ethics the ethical use of quantitative analysis several forms of corruption and morality in foreign policy making the volume assimilates most of the contemporary literature presents a number of interesting cases and is ideally suited as a text for upper division or graduate courses in public administration and public policy an essential item in any collection that deals with the subject of ethics and public policy choice although democracy in the United States was founded upon ethical principles that Americans continue to hold sacrosanct these values are seldom explicitly heeded in the policy making processes that affect the destiny of the country and its citizens with the professionalization of public administration during the past one hundred years managerial efficiency and scientific methods have been promoted at the expense of both ethics and politics in

this important new work a distinguished group of social scientists management scholars attorneys and philosophers explores the implications of neglecting these vital concerns the authors focus on the difficult questions facing policymakers administrators and elected officials and suggest approaches to reconciling bureaucratic necessity with democratic values the first part of the volume examines contemporary ethical perspectives and establishes a framework for analysis the moral dilemmas faced by public servants and the ethical standards governing the conduct of legislators are considered next chapters devoted to the techniques and methods of ethical policy making discuss such issues as risk analysis negotiation of rules and standards the ombudsman in conflict resolution and equal opportunity and affirmative action legislation chapters exploring systemic issues include professionalism in politics and administration quantitative analysis in decision making waste fraud and abuse in government and morality in the making of foreign policy the volume concludes with an overview of ethics and public policy from a comparative perspective addressing the fundamental ethical relations between organizational authority and public employees this unique new study is pertinent to many of the most pressing problems of our time it will be of interest to scholars students practitioners and other readers concerned with public administration public policy ethics in government and professional ethics
