yahweh the lord god and his son yahshuah jesus christ made statements with regard to eschatology that have been spiritualized for over a millennium which has led to the belief in universalism the belief that yahshuah died for everyone well after one studies the original languages of the hebrew aramaic and greek the message of the kingdom of god was preached to and accepted by a certain house in the bible the other house rejected this message and yahshuah punished that house by taking the kingdom away from them and giving it to another nation bringing forth fruit there are only the house of israel the house of judah and the house of david mentioned in the bible all three existed then as they do today however most of today s babylonian priesthood churchianity refuses to accept the secular historical position with regard to the house of israel and who they are today the people groups which yahweh and yahshuah addressed still exist today however these people are all mixed up and known by different names but they do exist this book goes back to the origin of these people groups in the bible and brings them forward to the present using their old names in order to understand eschatology this brings us to the major question of is the bible only about israel and if so how does it affect our eschatology today this book answers these hard questions

empire colony postcolony provides a clear exposition of the historical political and ideological dimensions of colonialism imperialism and postcolonialism with clear explanations of these categories which relate their histories to contemporary political issues the book analyzes major concepts and explains the meaning of key terms the first book to introduce the main historical and cultural parameters of the different categories of empire colony postcolony nation and globalization and the ways in which they are analyzed today explains in clear and accessible language the historical and theoretical origins of postcolonial theory as well as providing a postcolonial perspective on the formations of the contemporary world written by an acknowledged expert on postcolonialism

electronic version of the proceedings and papers of the conference along with an iso9660 file system with rock ridge attributes

in christianity empire and the spirit néstor medina uncovers the cultural processes that play a crucial role in influencing how people understand reality express the christian faith and think about god he uses decolonial thinking latina o theology and pentecostal theology to show how the cultural dimension is a central feature in the biblical text was the force that coopted christianity from the imperial era of constantine onwards and undergirded western european colonialism and the missionary project he engages with protestant and catholic articulations on culture and demonstrates how most theologians perpetuate eurocentric frames for considering the relation between christianity and the cultural dimension alternatively he offers a theological proposal that recognizes the spirit at work in the phenomena of cultures

uclg s third global report on local democracy and decentralization gold iii examines basic service provision and the current state of play of the local governance of basic services around the world basic services for all in an urbanizing world examines the enormous challenge of ensuring the universal provision of basic services in a world that is being shaped by rapid global urbanization climate change and economic social and technological transformation the world s urban population is predicted to reach 5 billion people within the next 20 30 years the report analyses the conditions necessary for local governments to provide these new urban residents with quality basic services water sanitation waste management transport and energy are essential not only for the preservation of human life and dignity but also in driving economic growth and ensuring social equality each chapter examines a world region drawing on existing research and consultation with local authorities on the ground the chapters review access levels legal and institutional frameworks and the different ways in which basic services are managed and financed as well as showcasing diverse examples of innovation in the local and multi level governance of services it concludes with a set of recommendations for all stakeholders with a view to making the goal of basic services for all a reality this report contributes to discussions on the millennium development goals and the un post 2015 development agenda the findings of gold iii will also be essential to promoting the vision of local governments at the 2016 un conference on human settlements habitat iii

the political and symbolic centrality of capital cities has been challenged by increasing economic globalization this is especially true of secondary capital cities capital cities which while

being the seat of national political power are not the primary economic city of their nation state david kaufmann examines the unique challenges that these cities face entering globalised inter urban competition while not possessing a competitive political economy

how cities use image building to define themselves to the world

a complete picture of vocation among young catholic adults today using up to date sociological research with contributions from a broad perspective of young american catholics

in this controversial and bracing study robert young argues that today s theories on post colonialism and ethnicity are disturbingly close to the colonial discourse of the nineteenth century an original and exciting work

the effect of a commercialized internet on american business from the boom in e commerce and adjustments by bricks and mortar businesses to file sharing and community building

scholarly communities and policy experts have a tendency to divide natural resources into categories hindering holistic understanding similarly the stakeholders themselves the state business and people are conceived monolithically making it difficult to grasp how business interests intra bureaucratic politics and civil society movements influence policy outcomes this book examines the socio political dynamic generated by the environment and its attendant resources how nature becomes a resource and how this process in turn shapes our vision of society it deploys a case study approach in examining the interactions between bureaucratic institutions rural communities national leaders and business elites allowing for a more nuanced analysis particular emphasis is placed on how resources become the subject of conflict but also opportunities for cooperation and how different societies might establish more sustainable interactions with nature the way society controls natural resources is the foundation of both economic development and environmental conservation the primary motive for

natural resource management has been the development and production of marketable commodities and institutional structures have been shaped accordingly the social constitution of natural resources asks that we re consider the very concept of resources and how we view them

since the dawn of the new millennium combating terrorism has become a primary focus of security professionals throughout the world this volume contributes to our understanding of the terrorist threat and how it can be defeated

an innovative and lively account of both the history and key debates in postcolonialism robert young situates it in a wide cultural context discussing its importance as an historical condition and as a means of changing the way that we think about the world

fox news military analyst colonel hunt draws on his 29 years of active military service and his high level military and intelligence contacts to give an inside perspective on this global struggle setting him far apart from the usual pundits and talking heads he presents fifty pages of previously unpublished documents that reveal the detailed plans of the terrorists and insurgents who target americans as well as u s tactics to stop our enemies from the department of homeland security scrap it to military leaders who have almost zero combat experience to risk averse politically correct strategic decision making colonel hunt pinpoints dire problems that need to be fixed before it s too late which it nearly is from publisher description
