this forward thinking handbook explores two major research strands in the fast developing field of culture and network analysis the underlying social networks of culture and the cultural bases of social networks

this landmark text represents essential reading for students and researchers with an interest in the cultural dimension of social science book jacket

the human mosaic intersections of art culture and social insight isbn 978 93 92760 80 8 edited by dr p jayalakshmi and dr ebrahim ali mondal explores how art culture and human values shape societies this edited volume features research based essays from disciplines including history philosophy literature economics and cultural studies chapters address themes such as cultural memory identity globalization social reform and ecological adaptation with a focus on assam and northeast india through analyses of folklore autobiographies philosophical thought and socio economic landscapes the book highlights culture as dynamic negotiating between tradition and modernity intended for scholars students and educators it serves as a resource for research coursework seminars and comparative studies combining accessible style with rigorous content the volume fosters critical reflection on how cultural practices creative expression and social insight illuminate the human experience

culture race and class based perspectives in public relations edited by damion

waymer covers timely and understudied topics in the field of public relations pr via research case analysis and theoretical discussion the contributors to this volume explore the ways that scholars can address issues of voice or the lack thereof that marginalized publics have encountered in the past or are currently encountering in regard to matters of culture race and class a central question this book asks is what role can and does a greater understanding of culture race and class play in helping scholars teachers students and practitioners to aid in society becoming a better place to live and work culture as well as other divisive social constructs such as race and class must be unpacked problematized and considered carefully before the fully functioning vision of society can be deemed possible some topics included are the black panther party and native american activist rhetorical pr risk equity critical race theory and pedagogical approaches to teaching culture race and class this edited volume serves an important early step by scholars via the context of public relations in this process of advocating social justice as well as organizations role in helping society achieve these ends

patterns of group behavior and underlying psychological processes are shaped within specific cultural contexts and cultures emerge in group based interactions culture and group processes the inaugural volume of the frontiers of culture and psychology series is the first edited book on this rapidly emerging topic

the oxford handbook of social psychology and social justice spans cultures and disciplines to highlight critical paradigms and practices for the study of social injustice in diverse contexts this book addresses injustice along such lines as race ethnicity gender sexual identity and social class it also addresses pressing issues of globalization conflict intervention and social policy

this book is a printed edition of the special issue current trajectories in global pentecostalism culture social engagement and change that was published in religions

this collection of readings aims to bring together in one volume representative statements of the different theoretical traditions which have been influential in shaping the subject of cultural studies now an established part of the teaching of sociology literature and related areas conceived to meet the needs of students on the open university course popular culture the volume aims to provide an introduction to the main concepts and contemporary debates in the field amongst the major themes are the contrast between culturalist and structuralist approaches the relevance of gramsci s work to cultural theory and the contribution of perspectives standing outside marxist debate

effective communication with the african society in the field of missions church planting and social development work has been and continues to be a great challenge particularly to people from western cultural and language orientation africans are a we rather than i and a depended on rather than independent of society the worldview of a traditional african in terms of society relationships and communication is communal certainly the african perception of communalism affects how they communicate with the people of different cultural orientation africa has several cultures and people differ in their communication depending on their cultural orientation however there are universal african cultures that act as a framework for understanding key aspects of communication with africans for successful missions church planting and social development work this book therefore provides a strategy of understanding communication with the african society the discussions in this book provide readers with different cultural orientations unique perception of the african society as s he may be planning to communicate with the african society for missions church planting and social development work even doing humanitarian ministry in african society although literacy levels have improved tremendously in most african countries most of africa is not a reading society it is imperative to understand that most africans still communicate orally and are not time conscious hence effective communication in african societies ought to be based on storytelling rather than literature distribution although this is in

transition in fact africans are oratory and good listeners thus this book provides an understanding to people of different cultural orientations when they plan to communicate with the people in africa

this book brings together social sciencists to create an interdisciplinary dialogue on the topic of social change as a cultural process culture is as much about novelty as it is about tradition as much about change as it is about stability this dynamic tension is analyzed in collective protests intergroup dynamics language mass media science community participation art and social transitions to capitalism among others contexts these diverse cases illustrate a number of key factors that can propel slow down and retract social change an emancipatory and integrative social science is developed in this book which offers a new explanatory model of human behavior and thought under conditions of institutional and societal change

individually and collectively the pieces balance cross cultural psychology s interest in the large scale community with psychology s traditional emphasis on small groups interpersonal processes and individual thought feeling and action the chapters range in topic in level of analysis and in emphasis on theory and application but they harmonize to map the field identifying where it has been and how it might develop the central theme is that culture and individual psychology are inseparable and that understanding both will lead to a more comprehensive understanding of human behavior than either perspective in isolation the book delivers it offers important insights on the commonalties universality and uniqueness of human behavior the book is dedicated to harry c triandis and is truly a tribute to his work john f dovidio department of psychology colgate university in this book cross cultural psychologists from around the world honor the discipline s founding father harry c triandis the book has become a perfect overview of the state of the art in cross cultural psychology geert hofstede tilburg university the netherlands the past 10 years or so have seen a sharp increase in the number of college and university courses

throughout the world that focus on culture as a powerful force that shapes the thought and behavior of all humans it would be most difficult to organize and teach one of these courses without mentioning triandis s influence numerous times i am extremely pleased that this book has been added to the cross cultural literature from the foreword by walter j lonner western washington state university this book celebrates harry triandis s overall contribution to culture and social psychology in general and his most original and significant contribution to this area the concept of subjective culture in this volume top cross cultural researchers who are deeply familiar with triandis s work critically examine the concept of subjective culture from a number of perspectives and extend it in many new directions of basic and applied social psychology the result is an up to date examination of various topics and areas of social psychology from the unique perspective of subjective culture one significant feature of this book is an attempt at framing and situating the concept of subjective culture within the current theoretical discourse on culture and psychology social psychology and cultural context is the first survey of social psychology to integrate cross cultural issues this book not only utilizes several variants of the construct of subjective culture but also reflects the current state of affairs in the social domain of cross cultural psychology written by world renowned specialists the chapters reflect valuable insights to students and researchers in both cross cultural and social psychology

the book reconsiders paul ricoeur s speculative research from the perspective of a critical hermeneutics understood as a general methodology which is able to work at an interdisciplinary level the specialisation of sciences results in a differentiation of knowledge that determines advancement while also provoking a great increase of complexity and fragmentation as such among the human sciences some problematic disciplines like psychoanalysis sociology and history have not yet found a unified methodological and epistemological structure this book argues that critical hermeneutics may work as a mediatory inter discipline in this regard

how is it that cultures come into existence at all how do cultures develop particular customs and characteristics rather than others how do cultures persist and change over time most previous attempts to address these questions have been descriptive and historical the purpose of this book is to provide answers that are explanatory predictive and relevant to the emergence and continuing evolution of cultures past present and future most other investigations into cultural psychology have focused on the impact that culture has on the psychology of the individual the focus of this book is the reverse the authors show how questions about the origins and evolution of culture can be fruitfully answered through rigorous and creative examination of fundamental characteristics of human cognition motivation and social interaction they review recent theory and research that in many different ways points to the influence of basic psychological processes on the collective structures that define cultures these processes operate in all sorts of different populations ranging from very small interacting groups to grand scale masses of people occupying the same demographic or geographic category the cultural effects often unintended of individuals thoughts and actions are demonstrated in a wide variety of customs ritualized practices and shared mythologies for example religious beliefs moral standards rules for the allocation of resources norms for the acceptable expression of aggression gender stereotypes and scientific values the psychological foundations of culture reveals that the consequences of psychological processes resonate well beyond the disciplinary constraints of psychology by taking a psychological approach to questions usually addressed by anthropologists sociologists and other social scientists it suggests that psychological research into the foundations of culture is a useful perhaps even necessary complement to other forms of inquiry

this book constitutes the refereed proceedings of the 10th balkan conference in informatics on advances in ict research in the balkans bci 2024 held in craiova romania during september 4 6 2024 the 23 full papers included in this book were carefully reviewed and selected from 31 submissions they were organized
