excerpt from an explanation of luther s small catechism a handbook for the catechetical class this book is written in the thetical form instead of the traditional form of questions and answers there is nothing in the nature of catechization which would require the use of the interrogative form in such a text book and accordingly the thetical form has for years been employed by numerous writers of text books for the catechetical class in germany while questions have an important place in catechetical instruction the matter and not the form is the vital thing catechization is not a method of instruction by means of questions and answers neither the original meaning of the word nor the history of catechization justifies such a definition see my article a brief history of catechization in the lutheran church review january 1902 comp v zeischwitz system der christl kirchl katechetik vol i pp 17 seq and vol ii 2 1 pp 3 seq and since christian truth is not something to be brought forth from the mind of the child by means of questions but something divinely revealed and hence to be communicated to the child the most natural form in which to set it before him in a text book is the thetical luther s catechism itself is indeed in the form of questions and answers but his catechism is confessional as well as didactic and its words memorized by the catechumen are to become a personal confession of faith the explanations of a text book on the other hand are not to be memorized but are meant to aid the catechumen in grasping the thoughts of the catechism for this purpose the thetical form is better than the interrogative because the explanation is not continually broken by questions and is thus better adapted to give the catechumens a connected idea of the doctrines taught each chapter of this explanation is followed by a number of questions after the pastor has explained a lesson at one meeting the catechumens should prepare themselves to give an answer to the printed questions in their own words at the next meeting the pastor may of course substitute other questions assign additional ones or eliminate some the proof passages for the

teachings set forth are cited in the margin the more important passages particularly those which the catechumens may be expected to memorize are specially indicated by a dagger and are printed in full at the end of the chapter the use of a scripture lesson is of course optional with the pastor about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at [forgottenbooks.com](http://forgottenbooks.com) this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

ever since the custer massacres on june 25 1876 the question has been asked what happened what really happened at the battle of the little bighorn we know some of the answers because half of george armstrong custer s seventh cavalry the men with major marcus reno and captain frederick benteen survived the fight but what of the half that did not the troopers civilians scouts and journalist who were with custer now because a grass fire in august 1983 cleared the terrain of brush and grass and made possible thorough archaeological examinations of the battlefield in 1984 and 1985 we have many answers to important questions on the basis of the archaeological evidence presented in this book we know more about what kinds of weapons were used against the cavalry we know exactly where many of the men fought how they died and what happened to their bodies at the time of or after death we know how the troopers were deployed what kind of clothing they wore what kind of equipment they had how they fought through the techniques of historical archaeology and forensic anthropology the remains and grave of one of custer s scouts mitch boyer have been identified and through geomorphology and the process of elimination we know with almost 100 percent certainty where the twenty eight missing men who supposedly were buried en masse in deep ravine will be found

s small catechism providing clarity and insight into its enduring significance designed for both individual study and congregational use the book offers a detailed explanation of the catechism s essential elements stump s work serves as an invaluable resource for understanding lutheran theology exploring core concepts of the christian faith and gaining a deeper appreciation for the rich heritage of lutheran teachings a timeless resource for those seeking a thorough and accessible guide to the catechism this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this book aims to present both an analysis of luther s small catechism and a clear concise yet reasonably full explanation of its contents it is an attempt upon the basis of twenty years experience and a study of the literature of the subject to meet the peculiar wants of the catechetical class in our lutheran church in america the object of the book is twofold first to furnish an outline of teaching which the pastor may use as a guide in his oral explanation and questioning and secondly to furnish a sufficiently complete summary by means of which the catechumens may review the lesson and fix its salient points in their minds no text book can of course adequately supply the parenetical side of the catechetical instruction or take the place of the living exposition by the pastor but it can and should support his work so that what he explains at one meeting may not be forgotten before the next meeting but may be fixed in the minds of the catechumens by study at home here we have included luther s small catechism as well for reference and further education
