essay from the year 2014 in the subject business economics business management corporate governance grade 1 3 stuttgart media university language english abstract multiculturalism is often contrasted with the concepts of assimilations and has been described as a salad bowl or cultural mosaic or mixed salad it is not necessarily mean that each person from society belongs to different cultures a lot of human beings speak more than one language many of us share more than one culture with different groups of people we interact with

understanding how culture affects the ways we communicate how we tell jokes greet ask questions hedge apologize compliment and so much more we can learn to speak other languages but do we truly understand what we are saying how much detail should we offer when someone asks how we are how close should we stand to our conversational partners is an invitation genuine or just pro forma so much of communication depends on culture and context in getting through roger kreuz and richard roberts offer a guide to understanding and being understood in different cultures drawing on research from psychology linguistics sociology and other fields as well as personal experience anecdotes and popular culture kreuz and roberts describe cross cultural communication in terms of pragmatics exploring how language is used and not just what words mean sometimes this is easy to figure out if someone hisses i m fine though clenched teeth we can assume that she s not really fine but sometimes the context cultural or otherwise is more nuanced for example a visitor from another country might be taken aback when an american offers a complaint cold out today as a greeting and should you apologize the same way in tokyo as you would in toledo kreuz and roberts help us navigate such subtleties it s a fascinating way to think about human interaction but it s not purely academic the more we understand one another the better we can communicate and the better we can communicate the more we can avoid conflict

today more americans than ever are going abroad to visit work or study increasingly the ability to communicate and work in cross cultural situations is seen as an important determinant of success in business government education and the social services being successful depends less on what you know of a particular culture than it does on what you know

about managing new cultural situations this book provides a comprehensive and practical guide to communicating learning and adapting within any new cultural environment it begins by examining what culture is and why it is important it then goes on to outline the process of cross cultural adjustment and presents some highly effective tools and strategies for avoiding culture shock while encouraging learning advice on learning a language preparing for the transition settling in working and living overseas and planning re entry into u s culture is given one of the book s most useful features is the presentation of a detailed plan for actually making the transition from one culture to another it also provides a detailed chapter on re entering the home environment again to aid in minimizing shock and anxiety the skills learned from this book are essential to success and can be put to use in any new culture anywhere in the world
