from words to grammar is a different introduction to grammar for students taking a word based approach to grammar this innovative book introduces the subject through the analysis of over a hundred of the most commonly used english words each unit focuses on a different word class using an analysis of specific words which includes an introduction to the grammar of each word examples of real world usage featuring that word exercises with answers this unique approach not only introduces students to grammar but also provides them with an understanding of how grammar works in everyday english written by an

experienced teacher and author from words to grammar is ideal for all students of english language

this volume examines the concept of word as a phonological unit and as an item with both meaning and grammatical function the chapters explore how this concept can be applied to a range of typologically diverse languages from lao and hmong in southeast asia to yidiñ in northern australia and murui in the amazonian jungle

table of contents

this book introduces the principles and practice of writing a comprehensive reference grammar several thousand distinct languages are currently spoken across the globe each with its own grammatical system and its own selection of diverse grammatical structures comprehensive reference grammars offer a basis for understanding linguistic diversity and can provide a unique perspective into the structure and social and cognitive underpinnings of different languages alexandra aikhenvald describes the means of collecting analysing and organizing data for use in this type of grammar and discusses the typological parameters that can be used to explore relationships with other languages she considers how a grammar can be made to reflect and bring to life the society of its speakers through background explanation and the judicious choice of examples as well as by showing how its language history and culture are intertwined she ends with a full glossary of terms and guidance for those wanting to explore a particular linguistic phenomenon or language family the art of grammar is the ideal resource for students and teachers of linguistics language studies and inductively oriented linguistic cultural and social anthropology

excerpt from word study and english grammar a primer of information about words their relations and their uses clearly edwin a abbott boston roberts bros this is a very excellent little book but is now i believe out of print the tables of irregular verbs are the same as those used in english grammar for common schools robert c and thomas metcalf new york american book co the student is recommended to study some good grammar with great care there are many good grammars the one used in the schools in the apprentice s locality will probably do as well as any about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

in word study and english grammar frederick w hamilton meticulously explores the intersection of linguistic structure and the evolution of english grammar through a combination of analytical rigor and accessible prose hamilton embarks on a comprehensive examination of word formation syntax and semantics contextualizing these elements within the broader tapestry of english linguistic history his methodical approach featuring case studies and practical exercises not only illuminates the complexities of english but also serves as a rich resource for linguists educators and students alike providing both theoretical insights and hands on applications frederick w hamilton a distinguished scholar in the field of linguistics draws upon his extensive background in language studies to craft this essential text his lifelong passion for language coupled with a background in teaching has informed his belief in the necessity of understanding grammatical principles to foster clarity in communication hamilton s academic expertise and practical experiences are evident in his nuanced approach making his work resonate with both seasoned linguists and enthusiastic novices word study and english grammar is highly recommended for anyone seeking to deepen their understanding of the english language and its grammatical frameworks hamilton s engaging style combined with his insightful analyses makes this book an invaluable addition to any linguistics library whether for personal growth or academic study this text promises to enrich your appreciation and mastery of english
