este libro describe la evolución histórica de la compañía de jesús en españa desde la supresión de 1868 hasta su plena reinstalación en los años de afianzamiento de la restauración alfonsina los jesuitas que habían padecido la dispersión y el exilio lograron al cabo de unos quince años hacia 1883 instalar una tupida red de centros docentes y pastorales la originalidad de aquel período fundacional consiste en que comienza en el mismo momento en que la orden queda legalmente aniquilada en 1868 no deja

de ser una contradicción que aquella supresión fuera entonces decretada por quienes proclamaban la libertad de cultos de asociación y de enseñanza acaso por eso nos encontramos con una historia doble la legal y la real los jesuitas situados fuera de la ley procuraron organizarse comunitariamente según lo permitían las circunstancias políticas y conforme al grado de tolerancia que les mostraban los sucesivos gobiernos del sexenio democrático y de la restauración alfonsina cuando la tolerancia fue mayor a partir de 1077 el restablecimiento de la compañía se impuso de hecho sin el menor obstáculo el éxito fue consecuencia del dinamismo de aquel grupo religioso que sacaba cohesión y energía de la persecución pero también se debía al empuje renovador del catolicismo español de fin de siglo y al aprecio y demanda que varios sectores de la sociedad española hicieron de los servicios espirituales asistenciales o educativos que les ofrecían los jesuitas el autor ha tenido muy en cuenta la conexión de la historia de la compañía con la historia política y religiosa por eso este libro escrito con rigor científico y sólidamente documentado constituye una aportación muy valiosa para la historia de España y de su Iglesia
