that the apocalypse of john is a revelation of jesus christ rev 1 1 is a fact too often overlooked by interpreters of this last book of the bible as msgr a robert nusca s the christ of the apocalypse contemplating the faces of jesus in the book of revelation proposes beyond

predictions of earthquakes and falling stars st john articulates from start to finish a multifaceted and compelling portrait of jesus christ nusca offers an exegetical reading of selected verses of the book of revelation incorporating rich spiritual and pastoral reflections the christ of the apocalypse above all affirms that st john s god and christ centered symbolic universe offers our contemporary world a spiritual place to stand amid the shifting sands of postmodernity as cardinal thomas collins archbishop of toronto writes in his foreword now as in the first century christians face martyrdom and those who are not called to die for christ are called to live for christ in a world which in many ways rejects the gospel more than ever we need the apocalyptic vision to have our own vision of reality clarified and to be strengthened in our evangelical witness

this accessible and enlightening history provides insights into the fascinating genre of apocalyptic literature showing how the apocalypse encompasses far more than popular views of the last judgment and violent end of the world might suggest an accessible and enlightening history of the apocalypses ancient jewish and christian works providing fresh insights into the fascinating genre of literature shows how the apocalypses were concerned not only with popular views of the last judgment and violent end of the world but with reward and punishment after death the heavenly temple and the revelation of astronomical phenomena and other secrets of nature traces the tradition of apocalyptic writing through the middle ages through to the modern era when social movements still prophesise the world's imminent demise

the sequel to the controversial *Jesus the Man* in her 1992 bestseller *Jesus the Man* Barbara Thiering analysed the hidden meaning contained in the Dead Sea Scrolls to propose a radical new historical interpretation of the life of Jesus Christ now in *Jesus of the Apocalypse* she unravels the mysteries of the Book of Revelation including the four horsemen of the apocalypse the beast whose number is 666 and the great harlot clothed in scarlet and purple in this new work of remarkable research and scholarship Thiering argues that Jesus was a central figure in a major political movement to overthrow the pagan Roman Empire although crucified he did not die on the cross and he and subsequently his sons took an important role in the evolution of the new underground religion which was developing out of Judaism with detective like perseverance Thiering sheds new and significant light on a period that has so often been seen more through the implications of scripture than the facts of history

every generation of people think that their problems are the most important ever as history flows without interruption and doomsday

scenarios fail the following generations focus on their own contemporary events ignoring or underestimating the past in this way people always see signs in their times and the end of the world is constantly a fresh subject

the exposition of the apocalypse by tyconius of carthage fl 380 was pivotal in the history of interpretation of the book of revelation while expositors of the second and third centuries viewed the apocalypse of john or book of revelation as mainly about the time of antichrist and the end of the world in the late fourth century tyconius interpreted john s visions as figurative of the struggles facing the church throughout the entire period between the incarnation and the second coming of christ tyconius s ecclesiastical reading of the apocalypse was highly regarded by early medieval commentators like caesarius of arles primasius of hadrumetum bede and beatus of liebana who often quoted from tyconius s exposition in their own apocalypse commentaries unfortunately no complete manuscript of the exposition by tyconius has survived a number of recent scholars however believed that a large portion of his exposition could be reconstructed from citations of it in the aforementioned early medieval writers and this task was undertaken by monsignor roger gryson gryson s edition a reconstruction of the expositio apocalypseos of tyconius was published in 2011 in corpus christianorum series latina the present translation of that reconstructed text with introduction and notes exhibits tyconius s unique non apocalyptic approach to the book of revelation it also shows that throughout the exposition tyconius made use of interpretive rules that he had laid out in an earlier work on hermeneutics the book of rules strongly suggesting that tyconius wrote his exposition as a companion to his book of rules thus the exposition served as an exemplar of how those rules would apply to interpretation of even the most intriguing of biblical texts the apocalypse

the mandate of the church in the apocalypse of john fills a gap in the scholarly literature on the apocalypse of john by offering a comprehensive discussion of what the church is called upon to be and do it delineates various tasks and functions of the church showing how they relate to one another and also how they are all unified under the mandate to provide faithful witness to jesus with its strong emphasis on the ethical concerns of the apocalypse this book challenges the view that john s apocalypse is sub christian in its ethics

the book of revelation s legacy of visual imagery is evaluated here from the 11th century to the end of world war 2 illuminated manuscripts books prints and drawings of apocalyptic phases are examined
