in this concise and clearly written commentary charles h talbert brings to mainline christians a fresh reading of the book of revelation demonstrating that it is not only accessible but relevant for the modern day christian according to talbert the primary causes of the marginalized status of the book of revelation by mainline christians are threefold the apparent inaccessibility of its meaning the seeming impossibility of its pastoral application and its demonstrated susceptibility to abuse talbert ably demonstrates that the book of revelation was written to help the early christians avoid assimilation into the larger pagan culture talbert also gives full attention to the literature of the greco roman early christian and early jewish worlds as he examines the more mystical components of the narrative

globalization and global equity are built on the premise of peace the causes of many divisions and tensions in human communities lie in the imagined or real gain of financial or material assets of some elements of the community to be at the expense of others the global community however lacks clear definitions and methods of stability whether political economic or social digital bridges developing countries in the knowledge economy provides insight into the methods and theories behind the globalization of information technologies

in one provocative volume this book explores the uk experience in the war on terror critically analyzing the war discourse and ideas of the politics of panic as well as forensically examining the effectiveness of counterterrorist policies the book examines the use and abuse of intelligence as a basis for policy law making and criminal investigation explores public order and how this affects protest and religious liberty and studies the torture debate highlighted by discussion in the courts about whether the uk should accept evidence gained from torture the book also provides a fascinating comparative perspective focusing on australia spain and the netherlands book jacket

how can we measure the performance of different health systems and how can we use such information to support ongoing health systems improvement these are the central questions addressed in this volume health policymakers have a growing interest in finding ways of encouraging health systems to improve their performance where performance is measured against quality efficiency or equity goals improving

performance has the potential to reduce the tensions between rising demands and limited resources there is also a growing demand for accountability among those who fund and those who provide health services this book highlights the core elements of a possible performance measurement framework to assess health systems at the international and national levels it also addresses further challenges which remain how do we overcome the lack of health outcome measures how do we better align performance information and incentives with policy objectives and how do we reconcile the traditional professional self regulation approach with greater public accountability for health care quality
