illustrated retelling of 14 standard fairy tales

in the late 18th and early 19th centuries attitudes toward history and national identity fostered a romantic rediscovery of folk and fairy tales this is the period of the golden age of folk and fairy tales when european folklorists sought to understand and redefine the present through the common tales of the past and long neglected stories became recognized as cultural treasures in this rich collection distinguished expert of fairy tales jack zipes continues his lifelong exploration of the story telling tradition with a focus on the golden age included are one hundred eighty two tales many available in english for the first time grouped into eighteen tale types zipes provides an engaging general introduction that discusses the folk and fairy tale tradition the impact of the brothers grimm and the significance of categorizing tales into various types short introductions to each tale type that discuss its history characteristics and variants provide readers with important background information also included are annotations short biographies of folklorists of the period and a substantial bibliography eighteen original art works by students of the art department of anglia ruskin university not only illustrate the eighteen tale types but also provide delightful and sometimes astonishing 21st century artistic interpretations of them

to our american boys and girls is offered this volume which is really grimm s fairy tales not an abridgment superficial and colorless nor an insipid retelling of the stories this edition is based on the hunt version with an introduction by the folk lorist andrew lang the hunt version is considered a most accurate english translation from the full collection fifty one stories suitable for children have been selected among these are famous tales as well as many delightful ones not usually included in children s volumes where the hunt wording is too stilted the text of the hausmärchen itself has been followed the very long sentences have been subdivided while that quaint old fashioned translation illustrated with woodcuts by wehnert has contributed its bit of folk phraseology the editor s desire is to restore to the children as large a collection as possible of grimm s fairy tales unmutilated in their literary perfection the illustrations are by the well known dutch artist mrs rie cramer some of rie cramer s other fairy tale pictures published in england are said by admiring critics there to be very charming of exceptional merit and to have high artistic merit of their own her illustrations for grimm are particularly harmonious in color

while their quaint charm grows on one more and more as one lives with them they are fanciful or humorous they have the quality rare in fairy tales of actually illustrating their text this will mean added pleasure to the children rie cramer s little black and white headings are particularly pretty and graceful in outline the tales are presented here in their original form with nothing left out of child heartedness humor poetic feeling and delicate sentiment and fancy indeed it is all here the poesy and purity which those profound and child loving scholars the brothers grimm retained in the old folk tales which with so much pains they gathered largely from among the peasant folk themselves and the brothers explained in their preface that they had planned the volume as an educational book as well as one for scholars for which reason they had eliminated everything which they feared might harm the children but since the brothers issued their book about a hundred years ago educational requirements of what is ethically best for children have materially advanced therefore in this book a few other parts unsuitable for children have been omitted so now this volume of grimm s fairy tales is offered to our american boys and girls and may they have continued delight in the beautiful old folk fictions which have come down to us from the fresh and sparkling meadows and woods of ancient days fathers and mothers too will enjoy reading the tales aloud and sharing with the children the humor and the deep but simple ethical truths so tenderly and poetically set forth therein teachers and story tellers also may find in this sincere version rich material for kindling the imagination and feeding the poetic fancy of their pupils the editor frances jenkins olcott

who says that english folk have no fairy tales of their own the present volume contains only a selection out of some 140 of which i have found traces in this country it is probable that many more exist a quarter of the tales in this volume have been collected during the last ten years or so and some of them have not been hitherto published up to 1870 it was equally said of france and of italy that they possessed no folk tales yet within fifteen years from that date over 1000 tales had been collected in each country i am hoping that the present volume may lead to equal activity in this country and would earnestly beg any reader of this book who knows of similar tales to communicate them written down as they are told to me care of mr nutt the only reason i imagine why such tales have not hitherto been brought to light is the lamentable gap between the governing

and recording classes and the dumb working classes of this country dumb to others but eloquent among themselves it would be no unpatriotic task to help to bridge over this gulf by giving a common fund of nursery literature to all classes of the english people and in any case it can do no harm to add to the innocent gaiety of the nation a word or two as to our title seems necessary we have called our stories fairy tales though few of them speak of fairies footnote for some recent views on fairies and tales about fairies see notes the same remark applies to the collection of the brothers grimm and to all the other european collections which contain exactly the same classes of tales as ours yet our stories are what the little ones mean when they clamour for fairy tales and this is the only name which they give to them one cannot imagine a child saying tell us a folk tale nurse or another nursery tale please grandma as our book is intended for the little ones we have indicated its contents by the name they use the words fairy tales must accordingly be taken to include tales in which occurs something fairy something extraordinary fairies giants dwarfs speaking animals it must be taken also to cover tales in which what is extraordinary is the stupidity of some of the actors many of the tales in this volume as in similar collections for other european countries are what the folklorists call drolls they serve to justify the title of merrie england which used to be given to this country of ours and indicate unsuspected capacity for fun and humour among the unlettered classes the story of tom tit tot which opens our collection is unequalled among all other folk tales i am acquainted with for its combined sense of humour and dramatic power the first adjective of our title also needs a similar extension of its meaning i have acted on moli re s principle and have taken what was good wherever i could find it thus a couple of these stories have been found among descendants of english immigrants in america a couple of others i tell as i heard them myself in my youth in australia one of the best was taken down from the mouth of an english gipsy i have also included some stories that have only been found in lowland scotch i have felt justified in doing this as of the twenty one folk tales contained in chambers popular rhymes of scotland no less than sixteen are also to be found in an english form with the folk tale as with the ballad lowland scotch may be regarded as simply a dialect of english and it is a mere chance whether a tale is extant in one or other or both i have also rescued and re told a few fairy tales that only exist now a days in the form of ballads there are certain indications that the common form of the english fairy tale was the cante fable a mixture of narrative and verse of which the most illustrious

example in literature is aucassin et nicollette

oh grandmama what great big teeth you have charles perrault s versions gave classic status to the humble fairy tale and it is in his telling that the stories of little red riding hood sleeping beauty cinderella and the rest have been passed down from the seventeenth century to the present day perrault s tales were enjoyed in the salons of louis xiv as much as they were loved in the nursery and it is their wit humour and lively detail that capture the imagination of adult and child alike they transmute into vivid fantasies the hidden fears and conflicts by which children are affected fears of abandonment or worse conflicts with siblings and parents and the trials of growing up in addition to the familiar stories this edition also includes the three verse tales the troubling account of patient griselda the comic three silly wishes and the notorious donkey skin this translation by christopher betts captures the tone and flavour of perrault s world and the delightful spirit of the originals

this volume contains a number of fairy tales that adults will recognize as they are similar to popular favorites i e cinderella etc but it also had some good ones that are not well known this is a great book for re reading those stories to those grandkids who always want to hear the story again and again and again the book includes 1 one eye two eyes three eyes 2 the magic mirror 3 hansel and grethel 4 the story of aladdin 5 the white cat 6 the second voyage of sinbad 7 the golden goose 8 the twelve brothers 9 tom thumb 10 cinderella 11 puss in boots 12 blue beard 13 sleeping beauty 14 jack and the beanstalk 15 little red riding hood 16 jack the giant killer 17 the three bears 18 the princess on the pea 19 the ugly duckling 20 beauty and the beast and others this edition is not illustrated it is a pleasure to publish this new high quality and affordable edition of these timeless stories

in over 1 000 entries this acclaimed companion covers all aspects of the western fairy tale tradition from medieval to modern under the guidance of professor jack zipes it provides an authoritative reference source for this complex and captivating genre exploring the tales themselves the writers who wrote and reworked them and the artists who illustrated them it also covers numerous related topics such as the fairy tale and film television art opera ballet the oral tradition music advertising

cartoons fantasy literature feminism and stamps first published in 2000 130 new entries have been added to account for recent developments in the field including j k rowling and suzanne collins and new articles on topics such as cognitive criticism and fairy tales digital fairy tales fairy tale blogs and websites and pornography and fairy tales the remaining entries have been revised and updated in consultation with expert contributors this second edition contains beautifully designed feature articles highlighting countries with a strong fairy tale tradition covering britain and ireland france germany italy japan north america and canada portugal scandinavian countries slavic and baltic countries and spain it also includes an informative and engaging introduction by the editor which sets the subject in its historical and literary context a detailed and updated bibliography provides information about background literature and further reading material in addition the a to z entries are accompanied by over 60 beautiful and carefully selected black and white illustrations already renowned in its field the second edition of this unique work is an essential companion for anyone interested in fairy tales in literature film and art and for anyone who values the tradition of storytelling

reproduction of the original the publishing house megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision

seminar paper from the year 2020 in the subject american studies literature grade 2.0 humboldt university of berlin sprach und literaturwissenschaftliche fakultät course writing the term paper language english abstract in this paper i will compare some of the original fairy tales with their new versions and analyze how the decrease in violence and brutality affects their meaning therefore i will refer to fairy tales by the brothers grimm such as little red riding hood cinderella hansel and gretel or snow white and provide details on how violence contributes positively to the storyline of their fairy tales in general in addition i will deal with the change in the depiction of violence in fairy tales and show the consequences that arise from the transformation of their original plot the role that fairy tales once played is no longer the same today when the first fairy tales were written the authors also pursued the intention to convey moral values and virtues in addition to the aspect of entertainment therefore violence and brutality have often been used to warn of possible dangers and emergencies and also

to provide a deterrent example of what can happen if someone acts inappropriately however the use of violent and brutal acts helped to emphasize the fairy tale's warning role thus fairy tales also positively contributed to the upbringing of children by teaching them how to deal with basic human conflicts desires and relationships as fairy tales have become increasingly interesting to society in recent years they have been rewritten turned into movies and also modified or adapted to today's times under different circumstances nevertheless many ideas were lost from the original versions and can no longer convey the same values that they were supposed to in the past violence and brutality made an important contribution in the original versions and created an appealing effect for the viewers which no longer completely exists in its intended form

four and twenty fairy tales is a collection of stories selected from the writings of perrault leprince de beaumont madame de villeneuve among other important french fairy tale writers and translated by j r planché 1796 1880 the text is accompanied by the beautiful illustrations of james godwin edward corbould and william harvey perrault 1628 1703 was among the first writers to bring magical children's stories into the literary mainstream proving to their original seventeenth century readers that such works were important enjoyable as well as thought provoking the stories of four and twenty fairy tales encompass favourites such as blue beard sleeping beauty puss in boots beauty and the beast and cinderella as well as other near forgotten tales such as fairer than a fairy the impossible enchantment and the widow and her two daughters planché himself was a british dramatist and antiquary chiefly responsible for introducing historically accurate costume into nineteenth century british theatre his interest in folklore stemmed from such endeavours and his passion for the tales as well as mastery of the french language is apparent in this text the book contains a selection of black and white illustrations by edward corbould james godwin william harvey and others all engraved by the famous dalziel brothers which further serve to refine and enhance the tales pook press celebrates the great golden age of illustration in children's literature a period of unparalleled excellence in book illustration from the 1880s to the 1930s our collection showcases classic fairy tales children's stories and the work of some of the most celebrated artists illustrators and authors
