the american story of the bookstores on fourth avenue from the 1890s to the 1960s new york city has eight million stories and this one unfolds just south of fourteenth street in manhattan on the seven blocks of fourth avenue bracketed by union square and astor place there for nearly eight decades from the 1890s to the 1960s thrived the new york booksellers row or book row this richly anecdotal memoir features historical photographs and the rags to riches tale of the strand which began its life as a book stall on eighth street and today houses 2 5 million volumes or sixteen miles of books in twelve miles of space it s a story cast with characters as legendary and colorful as the horse betting poker playing go getter of a book dealer george d smith the irascible russian born book hunter peter stammer the visionary theodore c schulte lou cohen founder of the still surviving argosy book store and gentleman bookseller george rubinowitz and his formidably shrewd wife jenny book row remembers places that all lovers of books should never forget like biblo tamen the shop that defied book banning laws the green book shop favored by john dickson carr ellenor lowenstein s world renowned gastronomical corner book shop which was not on a corner and the abbey bookshop the last of the fourth avenue bookstores to close its doors rising rents street crime urban redevelopment and television are many of the reasons for the demise of book row but in this volume based on interviews with dozens of the people who bought sold collected and breathed in its rare bibliodiferous air it lives again

in thieves of book row travis mcdade tells the gripping tale of the worst book theft ring in american history and the intrepid detective who brought it down both a fast paced true life thriller thieves of book row provides a fascinating look at the history of crime and literary culture

the basis of belief tells the story of the university of minnesota s unofficial educational agenda steven keillor considers selected controversies that have been energetically debated by educators administrators and students for over a century at the university

keillor describes the clash between an experimental scientific basis for knowledge and a reliance on testimony as in stories and first hand accounts which means of obtaining knowledge was best which direction should a university take in influencing and promoting one or the other these arguments concern the place in the university curriculum and student life of such matters as science religion psychology literature evolution american studies academic freedom and loyalty as well as less scholarly activities such as student protests and strikes keillor carefully draws upon diaries letters published accounts and interviews to assess how religion affected these subjects in academic life
