High yield section on specific approaches to the trauma patient. A to Z overview of management of specific traumatic injuries. Detailed discussion of the management of complications.

Reviewers tell us that Case Fair is one of the all-time bestselling principles of economics texts because they trust it to be clear, thorough and complete. This well-respected author team is joined for the 9th edition by a new co-author Sharon Oster. Sharon's research and teaching experience brings new coverage of modern topics and an applied approach to economic theory as demonstrated in the new Economics in Practice feature. Introduction to economics, the market system, choices made by households and firms, market imperfections and the role of government, concepts and problems in macroeconomics, the core of macroeconomic theory, further macroeconomic issues, the world economy. Case Fair Oster believe that the best way to understand how market opportunities operate and the best way to understand basic economic theory is to work through the perfectly competitive model first including discussions of output markets and input markets and the connections between them before turning to noncompetitive market structures such as monopoly and oligopoly.

Trusted by Nursing Fraternity for more than 50 years, Brunner and Suddarth's textbook of medical surgical nursing layers essential patient care information, engaging critical thinking exercises and diverse features to help students learn critical content. The South Asian edition is comprehensively updated to customize and keep pace with South Asia's health care environment by including Indian/Asian epidemiologic data of common diseases and disorders, flowcharts of pathophysiologic processes of various diseases and disorders and psychosocial concepts which is contemporary to South Asian scenario. Furthermore, essential medical surgical nursing content and diseases/disorders which are specific to South Asia are added to make this textbook most suitable to South Asian learners.
