an innovative examination of the law's treatment of property this student textbook provides an extremely useful and readable account of general property law principles it draws on a wide range of materials on property rights in

general and the english property law system in particular looking at all kinds of property not just land it includes the core legal source materials in property law along with excerpts from social science literature legal theory and economics many of which are not easily accessible to law students these materials are accompanied by a critical commentary as well as notes questions and suggestions for further reading it will be of interest to undergraduate property law students and to non law students taking property law modules in courses covering planning environmental law economics and estate management

the area of law that controls the various types of ownership in personal property and real estate is known as property law property indicates the legally protected claims to resources like land personal property and intellectual property it can be exchanged through contract law if the laws of property are violated one can sue under tort law in order to protect it the concept idea and philosophy of property form the basis of property law there are two views on property rights these views are the traditional view and the bundle of rights view the traditional view believes that there is a core and inherent meaning in the concept of property the bundle of rights view believes that the owner of the property only has bundle of permissible uses over the property this book unfolds the innovative aspects of property law which will be crucial for the progress of this field in the future it provides significant information of this discipline to help develop a good understanding of the property law and related fields the topics covered in this book offer the readers new insights in the field of property law

this text is a concise presentation of complex concepts in property law it is comprised of a combination of principles tutorial type questions and analysis in the area of property law

shortlisted for the peter birks prize for outstanding legal scholarship 2009 in its essence property law has to provide answers to two very difficult questions who is entitled to use property and how are they entitled to use it property law is therefore inherently difficult but not impossibly so it consists of an ordered and logical system which aims to take the sting out of fierce disputes this book provides a new perspective on property law by setting out an underlying structure it allows the reader to understand the fundamental principles of this difficult subject by providing detailed coverage of individual topics it shows how those principles apply in practice and provides a

comprehensive resource for anyone studying teaching researching or practising in property law the book is written in an accessible style with frequent summaries and in both its pages and companion web site it makes use of helpful visual aids it is ideal reading for law students seeking a rock solid understanding of how property law and land law work and contains sufficient detail for use as a course book in property law land law personal property law the book also provides detailed analysis of core topics in equity trusts commercial law unjust enrichment restitution see the companion website for this book [hartpub.co.uk/companion/propertylaw.html](http://hartpub.co.uk/companion/propertylaw.html)

understanding property law provides a background to an area of law which is notoriously inaccessible standing back from their subject the authors of this book elucidate how the practices of the past have shaped the development and form of the modern law in doing so they stress the role of lawyers in the transactions such as sale gift and inheritance in which their clients become involved this focus upon the work which lawyers do in their offices provides a necessary complement to the emphasis on legislation and adjudication found in most textbooks this edition has been extensively revised and updated to incorporate recent legislative developments including the land registration act 2002

an abridged translation of christian von bar s gemeineuropäisches sachenrecht i this book outlines the conceptual framework of property law as a domain of erga omnes monopoly rights in this book the dynamics of interaction between the objects contents and holders of property are examined in a comprehensive analysis

the essays in this collection examine the conceptual notions of property and obligations in law ideas of property and of obligations are central organising concepts within law but are nevertheless liable to fragmentation and esoteric development when applied in particular contexts in particular this collection focuses on the ways in which those concepts are applied to commercial law land law human rights law intellectual property law the law of restitution company law and legal theory this is a challenging and progressive collection of essays which cohere into an extensive examination of private law

foundations of property law things as objects of property rights is an abridged translation of the first volume of christian von bar s gemeineuropäisches sachenrecht a milestone in european private law theory and in comparative

property law more broadly radical in content and scope the english version examines the dynamics of interaction between the objects contents and holders of property the conceptual framework of property law is presented as a domain of erga omnes monopoly rights that govern the relationship between persons and objects of value within that framework a reciprocal relationship is illustrated between property rights and their objects property rights play a role in constituting the very objects things in which they are held with comprehensive comparative analysis insights are gleaned from all the jurisdictions of the european union and the united kingdom presenting a critical evaluation of property law systems in both common and civil law traditions this book joins all the national legal systems in a single inquiry treating their traditions and arguments with the respect they deserve and taking advantage of the knowledge embodied in the diversity of european private law a scholastic work offering deep and unique insights into the european property law systems foundations of property law will quickly become a go to resource for anyone interested in european private law and comparative property law

this comprehensive text covers all of the materials relevant to property law in a detailed and thorough manner the second edition examines the basic tenants of property law as well as specific property interests such as land interests and the way in which these interests are conveyed registered and co ordinated the book considers the development of native title as a legally recognised form of property in australia and how such an interest sits within the common law and statutory infrastructure principles of property law is a vital book for students studying this complex area and is also a valuable addition to the library of academics and practitioners interested in this field

this comprehensive research handbook interrogates and offers historical as well as contemporary understandings of property property law and property theory chapters locate the role of property in key theoretical debates and examine property's place in significant social contexts covering topics such as indigenous property artificial intelligence cryptoassets property and the art world environmentalism and climate change

acclaimed for its textual clarity and socially progressive perspective property law rules policies and practices continues to serve as the foundation of an enlightening and effective course in its fourth edition this thorough revision builds on the strengths that make the casebook so successful respected authorship of professor joseph

william singer a well known and highly regarded expert in the field exceptionally clear explication of property rules and concepts that helps to introduce important themes and elements of the law to first year students socially progressive yet even handed sensibility with strong ethical coverage unique among property casebooks balanced coverage of both traditional and non traditional topics combines all the bases of any property course such as access relation among neighbors common ownership leaseholds real estate transactions land use regulations and takings with interesting socio economic topics such as fair housing law tribal property and property in people slavery body parts frozen embryos etc cases and problems approach to teaching that promotes learning and stimulates class discussion sound organization to encourage efficient progress through the material excellent case selection focusing on recent cases and contemporary social problems thorough teacher request s manual including answers to problems and teaching tips author website law harvard edu faculty jsinger provides timely updates as well as a discussion board for professors changes for the fourth edition keep the casebook timely and teachable the entire book is fully updated to reflect changes in the law and emerging issues in various areas important new cases include *bonnichsen v usda tahoe sierra preservation council inc v tahoe regional planning agency* *brown v legal foundation of washington wayne county v hathcock* *goodridge v dept of public health* *lingle v chevron u s a* *kelo v city of new london* and *san remo hotel v city and county of san francisco* in response to the significant changes in supreme court doctrine in the last several years the takings chapter is completely updated and reorganized to reflect the current state of the law modernized and tightened notes and problems throughout the book

first published in 2004 routledge is an imprint of taylor francis an informa company

property law in the society of equals is an account of the property law and its justificatory foundations it begins with the common worry that property is an inegalitarian institution and shows that contrary to the worry property is actually an essential constituent of a society of equals property law is the solution to the problem of yours and mine a moral problem about the impossibility of our relating to one another on terms of equality absent an institution that allows us to have things as our own this understanding of property not only shows why property is required for us to have equal relations it also provides a distinctive perspective on the ways in which our current institutions of property are defective from their own internal point of view and require radical reform the book uses this abstract

account to explain contemporary property law the book explains private law doctrines including trespass licence nuisance acquisition transfer tenancy the law of servitudes it also illuminates the boundaries between property rights and personal rights and between property rights and contract rights and explores various liminal cases of property through that lens in addition the book critiques property internally showing how property's justification requires a state to provide homes to all of its subjects and showing how other parts of the public law of property including various forms of land use regulation should be understood as part of the law of property rather than external limitations on it

principles of property law offers a critical and contextual analysis of fundamental property law concepts and principles providing students with the necessary tools to enable them to make sense of english land law rules in the context of real world applications this new book adopts a contextual approach placing the core elements of a qualifying law degree property and land law course in the context of general property principles and practices as they have developed in the uk and other jurisdictions in response to a changing societal relationship with a range of tangible and intangible things also drawing on concepts of property developed by political and legal theorists economists and environmentalists principles of property law gives students a clear understanding of how property law works why it matters and how the theory connects with the real world suitable for undergraduate law students studying property and land law in england wales and northern ireland as well as postgraduate students seeking an accessible analysis of property law as part of a course in law land administration environmental law or development studies

property law is a crucial branch of law that governs the various forms of ownership and tenancy in real property and in personal property within the legal system it defines the legal framework for buying selling using and leasing property ensuring clear guidelines for ownership rights and responsibilities the primary objective of property law is to establish a structured process for transactions and to resolve disputes over property ownership it comprises a wide range of issues including the creation transfer and protection of interests in both tangible and intangible property key elements include the distinction between real and personal property the concept of estates in land and the various forms of property ownership such as joint tenancy tenancy in common and tenancy by the entirety property law also

covers the principles of adverse possession easements covenants and zoning laws which regulate land use and development furthermore it deals with issues of inheritance and succession ensuring that property rights are transferred according to the wishes of the owner or in the absence of a will according to statutory provisions this book is a compilation of chapters that discuss the most vital concepts and theories in the field of property law the topics covered herein deal with the core subject of property law this book is an essential guide for both academicians and those who wish to pursue this discipline further

property law provides students with a trustworthy and rigorous treatment of all areas of land and real property law

first published in 1999 this is the first of two books based on papers given at the conference organised by the centre for property law at reading in march 1998 under the title contemporary issues in property law speakers represented jurisdictions from around the world their subjects ranged from the theoretical and jurisprudential to the severely practical no one who attended the conference or subsequently reads the papers in this and the following book property law current issues and debates can believe in the picture of property law as archetypical dry as dust black letter law questions of human rights changes in social structures technological developments are all shown to have their impact on property law calling for careful analysis of the present law and practical proposals for reforms to reflect new developments

this book explores the interaction between notions of property in law and particular aspects of intellectual property law

reliable source on property laws surveys estates in land present future and concurrent comparable interests in personalty landlord and tenant law and rights against neighbors and other third persons also examines easements and profits running covenants governmental controls on land use land contracts conveyances titles and recording systems contains footnote citations to leading court decisions for easy location of primary authority
