pentagon spending has been the target of decades of criticism and reform efforts billions of dollars are spent on weapons programs that are later abandoned state of the art data centers are underutilized and overstaffed new business systems are built at great expense but fail to meet the needs of their users every secretary of defense for the last five administrations has made it a priority to address perceived bloat and inefficiency by making management reform a major priority the congressional defense committees have been just as active enacting hundreds of legislative provisions yet few of these initiatives produce significant results and the pentagon appears to go on as wasteful as ever in this book peter levine addresses why despite a long history of attempted reform the pentagon continues to struggle to reduce waste and inefficiency the heart of defense management reform is three case studies covering civilian personnel acquisitions and financial management narrated with the insight of an insider the result is a clear understanding of what went wrong in the past and a set of concrete guidelines to plot a better future

uganda s decentralization policy is one of the most ambitious and radical in sub saharan africa a long tradition of local government already existed in uganda in 1986 when the national resistance movement came to power so when the presidential policy statement on decentralization was issued in 1992 it only formalized and articulated the ugandan government s commitment to the decentralized system of governance this commitment was subsequently strengthened and maintained through the provisions of the 1995 uganda constitution decentralisation led to the devolution of broad powers of administration and implementation to the districts leaving the centre with responsibility for matters of defence and law and order this book examines the decentralization project after it has been in place for a number of years and deals with relevant crucial issues delius asiimwe is a senior research fellow at the makerere institute of social research uganda nakanyike b musisi is the executive director of the makerere institute of social research uganda

presents a how to manual for microfinance institutions mfis to develop the capacity to become licensed and regulated to mobilize deposits from the public this book also provides information specific to regulators outlining how to appropriately license and regulate deposit taking mfis it is suitable for practitioners donors and investors

a path breaking book the first to examine the evolution of community organizing in u s cities while embracing mobilization the contributors acknowledge the challenges inherent in globalization and the norms and values that shape contemporary american culture still they reaffirm that community organizing has an important role to play as part of a broader progressive movement

world class commercial supply chain management standards are now exceptionally high the best organizations measure order to receipt time in two days or less with near perfect probability this speed is backed up by nimble systems capable of rapidly responding to unexpected contingencies and surge requirements unfortunately while the commercial sector has been rapidly adopting modern information based supply chain systems in order to remain competitive in the worldwide marketplace the shift to such systems in the public sector has met with significant resistance and has moved far more slowly transforming government supply chain management provides the insights and expertise to overcome this inertia in part i the editors provide a primer on supply chain management an overview of innovative practices and tools and a blueprint for government wide transformation part ii consists of ten case studies of public and private sector success stories the intent of this book is to help speed up the needed transformation in the public sector

the concluding chapter provides an overall evaluation of the success of next steps in achieving its aims of improving efficiency and quality of service from the point of view of customers staff and parliamentarians

the work is organised into sections on global perspectives on capital markets stock exchanges and capital markets within the african continent regional perspectives within the continent the nairobi stock exchange the role of the nairobi stock exchange in economic development education for capital markets exchange controls and foreign investors privatisation financial sector reforms and the roles of education women and children art and culture in development

on no other continent is the need for agricultural research greater than it is in africa nowhere are the complexities of producing well adapted agricultural technologies more binding yet the basic institutions supporting agriculture are some of the weakest in the developing world in africa the challenge of increasing food supply to keep pace with population growth and rising urban demand of producing the agricultural technologies that will fuel that process and of designing the basic institutions that will create and deliver these technologies remains largely unfulfilled transformation of agricultural research systems in africa lessons from kenya analyzes kenya s experiences in transforming its kenya agricultural research institute kari over time kenya was chosen because it is the third largest agricultural research system in sub saharan africa and it has been reorganized to make it more efficient in serving the needs

of small scale farms in national regional and global markets the authors are highly seasoned professionals with years of experience in crafting institutional innovations this case study can be used to draw implications for other research systems in sub saharan africa
