Ethiopia is clearly one of the most important countries in Africa first of all with about 75 million people it is the third most populous country in Africa second it is very strategically located in the Horn of Africa and bordering Eritrea, Sudan, Kenya, and Somalia with some of whom it has touchy and sometimes worse relations yet its capital Addis Ababa is the headquarters of the African Union the prime meeting place for Africa's leaders so if things went poorly in Ethiopia this would not be good for Africa and for a long time this was the case with internal disruption rife until it was literally suppressed under the strong rule of the recently deceased Meles Zenawi the historical dictionary of Ethiopia second edition covers the history of Ethiopia through a chronology an introductory essay appendixes and an extensive bibliography the dictionary section has several hundred cross-referenced entries on important personalities politics economy foreign relations religion and culture this book is an excellent access point for students researchers and anyone wanting to know more about Ethiopia

This book is the most complete, accessible, and up-to-date resource for Ethiopian geography, history, politics, economics, society, culture, and education with coverage from ancient times to the present. Ethiopia is a comprehensive treatment of this ancient country's history coupled with an exploration of the nation today arranged by broad topics the book provides an overview of Ethiopia's physical and human geography, its history, its system of government, and the present economic situation but the book also presents a picture of contemporary society and culture and of the Ethiopian people it also discusses art, music, and cinema, class, gender, ethnicity, and education as well as the language, food, and etiquette of the country readers will learn such fascinating details as the fact that coffee was first domesticated in Ethiopia more than 10,000 years ago and that modern Ethiopia

comprises 77 different ethnic groups with their own distinct languages

the international directory of government is the definitive guide to people in power in every part of the world all the top decision makers are included in this one volume publication which brings together government institutions agencies and personnel from the largest nations china india russia etc to the smallest overseas dependencies guadeloupe guernsey and christmas island etc institutional entries contain the names and titles of principal officials postal e mail and internet addresses telephone and fax numbers and other relevant details key features comprehensive lists of government ministers and ministries coverage of state related agencies and other institutions arranged by subject heading details of important state provincial and regional administrations including information on us states russian republics and the states and territories of india

this landmark volume presents the results of a comprehensive and coherent in depth assessment of ethiopian agriculture and draws lessons from it to generate actionable recommendations that will inform policy decisions and priority setting for agricultural transformation across africa policy makers in africa are faced with the challenges of ensuring food and nutrition security and the economic wellbeing of their rapidly growing populations while at the same time maintaining the integrity of their natural resource base between 2000 and 2021 74 of the growth in overall crop production on the continent was derived from increases in land area expansion while increases in yield contributed only 26 of the growth this unchecked expansion of land use puts the sustainability of the natural resource base under severe pressure this book draws on a unique set of case studies from ethiopia described and told from a truly african perspective
