ian macpherson and angus mackay bring together versions in english of sixteen articles published in journals and festschrift volumes over the past two decades the articles are revised and selected from those which deal with questions of love religion and politics in the fifteenth century kingdom of spain ian macpherson is a linguist and literary critic who aims to set his judgements in a historical and social context and angus mackay a historian whose writings are informed by an awareness of the social context and literary production of the spanish fifteenth century the two authors have collaborated on many occasions and the joint volume provides insights into the complex relationships between real life and imaginative writing in this turbulent period of spanish history

this book represents the first concordance of juan ruiz s book of good love libro de buen amor written in the fourteenth century the volume s editors dealing with three slightly different manuscripts have chosen to meticulously integrate the language from all three editions into one thorough concordance the result is a significant work that serves as a companion to ruiz s work that would be vital to any study of medieval spanish linguistics in addition to the usual material to be found in a concordance this book has the following features the text appears in diplomatic transcription from the manuscripts for fidelity while the entry list of words has been partly normalized as for spelling for convenience an extensive list of homographs no omission of high frequency words frequency list at the end no reproduction of bulky and difficult computer printout the book has been photocomposed from the tape

an epic work that took more than a decade to complete a history of chess originally published in 1913 is a historic undertaking that shattered preconceptions about the game upon publication over a century later murray s research and conclusions in which he argues that chess originated in india are still widely accepted by most chess historians undertaking such a pioneering task the scope of which has never been attempted before or since murray taught himself to read arabic in order to decipher historical manuscripts on the game and its beginnings his study unravels the history of the game as it evolved from its asiatic beginnings through the role chess played in europe during the middle ages and up until the nineteenth century with the arrival of modern chess as we know it a history of chess includes transcribed diagrams of important games as well as some of the more famous historical chess figurines such as the lewis chessmen no single work on the game of chess has become close to touching murray s in breadth or significance
