what can sociology add to our understanding of art this volume brings together a range of respected scholars in the field who demonstrate the many ways in which sociology can add to our understanding of artistic issues covering all the major schools of thought and dealing with many different art forms the book offers the reader a comprehensive and accessible guide to an often complex area it will be an invaluable resource for students seeking to understand sociology s contributions to the study of artistic and aesthetic issues

the exploration of the social conditions that facilitate or retard the search for scientific knowledge has been the major theme of robert k merton s work for forty years this collection of papers is a fascinating overview of this sustained inquiry there are very few other books in sociology with such meticulous scholarship or so elegant a style this collection of papers is and is likely to remain for a long time one of the most important books in sociology joseph ben david new york times book review the novelty of the approach the erudition and elegance and the unusual breadth of vision make this volume one of the most important contributions to sociology in general and to the sociology of science in particular merton s sociology of science is a magisterial summary of the field yehuda elkana american journal of sociology merton s work provides a rich feast for any scientist concerned for a genuine understanding of his own professional self and merton s industry integrity and humility are permanent witnesses to that ethos which he has done so much to define and support j r ravetz american scientist the essays not only exhibit a diverse and penetrating analysis and a deal of historical and contemporary examples with concrete numerical data but also make genuinely good reading because of the wit the liveliness and the rich learning with which merton writes philip morrison scientific american

merton's impact on sociology as a whole has been large and his impact on the sociology of science has been so momentous that the title of the book is apt because merton's writings represent modern sociology of science more than any other single writer richard mcclintock contemporary sociology

the provision of many amusing examples from corsaro's own research experience with children make his book a thoroughly enjoyable read as well as a valuable critical sociological analysis of childhood sociology the sociology of childhood is the second edition of a text that has been universally acclaimed as the best book on the subject available today it is the only text that thoroughly covers children and childhood from a sociological perspective the second edition retains the same quality coverage of social theories of childhood the consideration of children and childhood in historical and cultural perspective children's peer cultures from preschool through preadolescence and the social problems of children the book has been updated to include new research information and discussions on the latest social indicators regarding children in the united states and around the world key features new chapter on up to date methods of research for studying children new chapters on theory cultural change and children's peer cultures new section on children's rights including a description and discussion of the united nations convention on the rights of the child updated chapter on the future of childhood addresses current policy debates and changing demographics related to children in today's societies contains many examples of children's actual play and behavior provides photographs and charts that capture the complexity and diversity of children's lives the sociology of childhood is highly recommended for use as the core text in courses on the sociology of children and childhood as well as for parents teachers and other adults interested in the social lives and development of children it can also be used in early education child development and child psychology courses and as a supplemental text in the area of family studies william a corsaro is the robert h shaffer class of 1967 endowed professor of sociology at indiana university bloomington where he teaches courses on the sociology of childhood childhood in contemporary society and ethnographic research methods corsaro is the author of friendship and peer culture in the early years 1985 and we're friends right inside kids culture 2003 he was a fulbright senior research fellow in bologna italy in 1983-84 and a fulbright senior specialist fellow in trondheim norway in 2003 his research has been featured on npr the bbc in london and in the new yorker

the sociology of islam provides an accessible introduction to this emerging field of inquiry teaching and debate the study is located at the crucial intersection between a variety of disciplines in the social sciences and the humanities it discusses the long term dynamics of islam as both a religion and as a social political and cultural force the volume focuses on ideas of knowledge power and civility to provide students and readers with analytic and critical thinking frameworks for understanding the complex social facets of islamic traditions and institutions the study of the sociology of islam improves the understanding of islam as a diverse force that drives a variety of social and political arrangements delving into both conceptual questions and historical interpretations the sociology of islam is a transdisciplinary comparative resource for students scholars and policy makers seeking to understand islam's complex changes throughout history and its impact on the modern world

taking a thematic approach bryan s turner draws together his writings which explore the relationship between islam and the ideas of western social thinkers turner engages with the broad categories of capitalism orientalism modernity gender and citizenship among others as he examines how muslims adapt to changing times and how islam has come to be managed by those in power

sociology of deviance differences tradition and stigma is dedicated to a sociological analysis of deviance a term reframed to imply differences deviance is approached from the outset as meaning differences differences in attitudes behaviors lifestyles and values of people the terms of deviance or of deviant behavior are understood as labels themselves and are used sparingly such as in the title and in chapter 14 of elite and power deviance or of deviance appears with frequency in the theory chapters since it is a term used by the theorists addressed part of the title of the text is of tradition meaning traditional topics are covered such as suicide mental disorders and physical disabilities addictions and substance abuse and use criminal behaviors and sexual

behaviors and differences the book has one chapter devoted to criminal behaviors with emphasis placed on violent and property offenses the term of stigma also appears in the title for two reasons it is to honor the contributions of Erving Goffman to the study of differences and it is used to accentuate the importance of societal reaction to attitudes behaviors lifestyles and values that are varied and different in a heterogeneous society nowhere is this more evident than in chapter 12 of societal reaction and stigmatization mental disorders and physical disabilities also

a comprehensive collection of classic and contemporary readings in the sociology of health the sociology of healthcare will stimulate debate reflexive practice and critical thinking in applied sociology and is aimed at the teaching and learning needs of both lecturers and students

the sociology of religion is a comprehensive and wide ranging introduction to theoretical debates in the sociology of religion placing these theories in the context of specific religious beliefs and practices using examples as diverse as primitive religions buddhism millennial movements the protestant ethic secularisation cults and the new religious movements Malcolm Hamilton demonstrates the multiplicity of religious traditions and enables readers to place their own experiences in a wider context he draws on both historical and anthropological perspectives in his examination of religious practices and outlines the work of major sociological theorists including Marx Durkheim Malinowski and other functionalists Frazer and Weber in the examination of world religion bringing these theories up to date the significance of each theoretical perspective is illustrated by chapters on particular beliefs and practices

how do sociologists explain the role and function of social work in society how has sociological knowledge been used adapted and misused by social workers originally published in 1991 the sociology of social work includes chapters on sociological theory and social work child protection community care probation interviews family therapy residential care race and knowledge and power

this book incorporates classic and contemporary readings in economic sociology and related disciplines to provide students with a broad understanding of the many dimensions of economic life it discusses Max Weber's key concepts in economics and sociology

the twentieth century has been marked by the expansion of educational opportunities worldwide it has been the century of education and the role of the state in the promotion of public education has been decisive yet at the millennium's turn efforts to diminish the role of the state are rapidly changing education especially in terms of its role in democracy this comprehensive handbook offers a fresh view of the social context of education outlining the challenges as well as the advances in public and private education systems the book offers a systematic account of current social theory and methodologies applied perspectives on the development of education in many regions of the world and compares key themes such as access school choice equity and educational performance

this third edition takes a fresh approach to the study of sport presenting key concepts such as socialization race ethnicity gender economics religion politics deviance violence school sports and sportsmanship while providing a critical examination of athletics this text also highlights many of sports positive features this new edition includes significantly updated statistics data and information along with updated popular culture references and real world examples newly explored is the impact of several major world events that have left lasting effects on the sports realm including a global pandemic SARS-CoV-2 or COVID-19 and social movements like Black Lives Matter and Me Too another new topic is the pay for play movement wherein college athletes demanded greater compensation and at the very least the right to profit from their own names images and likenesses

readings in the sociology of religion

the contributors to bringing back the social into the sociology of religion explore how bringing the social back into the sociology of religion makes possible a more adequate sociological understanding of such topics as power emotions the self or ethnic relations in religious life in particular they do so by engaging with social theories and addressing issues of epistemology and scientific reflexivity the chapters of this book cover a range of different religious traditions and regions of the world such as sufism in pakistan the kabbalah centre in europe brazil and israel african christian missions in europe and evangelical christianity in france and oceania they are based upon original empirical research making use of a range of methods quantitative ethnographic and documentary contributors are véronique altglas peter doak yannick fer gwendoline malogne fer christophe monnot eric morier genoud alix philippon matthew wood

this volume analyses the philosophical nature of gramsci s marxism and its hegelian source the radical critique of the economistic tradition and the original analyses of the role of superstructures ideology consciousness and subjectivity in the revolutionary process it relates the central themes of gramsci s writings such as hegemony historical blocs the role of intellectuals and political praxis to the more peripheral ones such as science language literature and art the introduction includes a brief intellectual biography of gramsci

wilhelm gi baldamus 1908 1991 was one of the most distinctive voices in british sociology in the second half of the twentieth century he made major contributions to both industrial sociology and sociological theory yet many of his central concerns remain under explored this volume is the first of its kind to engage with these questions and baldamus responses in combination with the publication of two of baldamus s own later writings never before printed in english a substantial biographical introduction by the editors situates this work within the context of baldamus s life both before and after his exile from nazi germany adding background to the exploration of his concerns that research should be underpinned by meticulous theoretical and conceptual work it will be of interest to sociologists social theorists intellectual historians and those working in the field of social science research methods

neil j smelser s the sociology of economic life is a foundational text that bridges the disciplines of sociology and economics offering a comprehensive analysis of how social structures cultural norms and human behavior shape economic systems written with clarity and depth this seminal work provides an essential framework for understanding the dynamic interplay between society and economic activity smelser explores key themes such as the role of social institutions in economic life the influence of values and norms on economic behavior and the ways in which economic systems are embedded within broader social contexts by examining topics like industrialization labor markets consumer behavior and organizational structures the book provides insights into the sociological forces that drive economic processes through case studies and theoretical analysis smelser illustrates how economic activity cannot be understood in isolation from its social environment he addresses complex issues such as economic inequality the impact of technology on work and production and the tensions between individual agency and collective systems first published in 1963 the sociology of economic life remains a cornerstone in the field of economic sociology offering timeless perspectives that continue to inform contemporary research this book is indispensable for students scholars and professionals in sociology economics and related disciplines who seek a deeper understanding of the social dimensions of economic life accessible yet profound smelser s work challenges readers to think critically about the interconnectedness of social and economic systems and the ways in which human interactions shape the world of production exchange and consumption
