the authors analyzes the development and operation of the basel convention on the control of transboundary movements of hazardous wastes and its interrelationship with the multilateral trading system

this book examines the nature of hazardous substances and the law governing them including international conventions relevant directives and indian legislation from the pre independence period to the present it focuses on legislations passed in the area of hazardous substances highlighting the background relevant to the continued growth of international environmental law across the globe it reviews existing strategies available in developing countries and the lack of a systematic approach in administering hazardous substances management programs the author unfolds the dynamics of hazardous substances the trade of such substances transboundary movements and their restrictions through rigorous analyses and evaluation of cases the book explores the question of liability in hazardous substance litigation offers an understanding of several judicial decisions in the context and suggests measures to control and manage the problem of hazardous substances authoritative lucid and comprehensive this book will be useful to students researchers and policymakers working on environment law international environmental law and development studies as well as to legal professionals judicial officers and ngos

europa has its strength in regional cultural diversity however current debates surrounding globalisation and the integration of markets tend to focus on the homogenisation of cultures whilst the emergence of vital and innovative regional cultures has typically been neglected this edited collection addresses this gap considering relevant questions such as how strategies orientations values and symbols help a company to become aware of its location and how different regional cultures are of interest to particular types of companies the book s central focus is the interaction of regional and corporate cultures how different cultures come together shape each other and change the volume takes an interdisciplinary approach bringing together research from cultural science regional science social science and economics this book was originally published as a special issue of the journal european planning studies

banking regulation and world trade law concerns the legal aspects of the interaction between banking regulation and international trade in financial services the author studies the internal banking market of the european union the liberalisation of financial services trade in the world trade organization the accords of the basel committee on banking supervision and the european central bank the book focuses on the balancing between banking regulation and international trade law it discusses discrimination and proportionality in national banking regulation the allocation of prudential regulation and supervision between home and host country and international financial law making the author questions decentralised nation based banking regulation and supervision as a foundation for a sustainable liberalisation of international trade in financial services the book considers various reforms of the international financial

architecture such as the incorporation of the basel processes and accords into the wto system and the setting up of new international institutions by building on the basel committees or the imf structures the role of central banking in designing the international financial architecture is also explored the book reviews the ecb s competence over foreign exchange policy and its function as lender of last resort and treats price stability banking soundness and representation as critical concepts the analysis also reveals that the concept of prudential despite its extensive use in banking regulation has not been defined with adequate precision in seeking to delineate the interface between international economic law and banking regulation dr panourgias builds on the rich european scholarship on institutional financial issues and the us interdisciplinary approach to world trade law he also entertains the notion of international financial law as a distinct field the book will be of particular interest to those concerned with financial law and international banking

sharia compliance is the *raison d etre* of islamic banks all of their instruments and activities should be based on sharia principles which unfortunately exposes them to greater risks than their conventional counterparts regulated under the dual banking system in indonesia these include inconsistencies between fatwas unique reputational risks and inefficiencies in the regulatory framework governing islamic banks this book critically examines the less studied issue of developing an islamic banking regulatory and supervisory framework that considers the risk pressures faced by islamic banks operations in an indonesian financial sector dominated by conventional banks the book assesses the extent to which the global financial standards of the basel accords have been followed by islamic banks in indonesia with respect to their regulation supervision and risk management to highlight the unresolved tensions in the multiple regulatory and supervisory institutions the book proposes a middle ground approach that accommodates modification of the existing financial regulatory and supervisory system in line with international best practice the reforms proposed in this book offer a way for financial regulatory and supervisory agencies to further develop modern islamic law and finance the book will be a valuable resource for scholars and policymakers interested in the dual banking system in indonesia

rules are no longer merely made by states but increasingly by international organizations and other international bodies at the same time these rules do impact the daily life of citizens and companies as it has become increasingly difficult to draw dividing lines between international eu and domestic law this book introduces the notion of a multilevel regulationa tm as a way to study these normative processes and the interplay between different legal orders it indicates that many rules in such areas as trade financial cooperation food safety pharmaceuticals security terrorism civil aviation environmental protection or the internet find their origin in international cooperation apart from mapping multilevel regulation on the basis of a number of case studies the book analyses its consequences in relation to forms of legal protection and legitimacy in that respect it proposes an agenda for research to study how to cope with multilevel

regulation this work offers valuable resources for researchers involved in studying the interplay between international european and domestic law for practitioners it offers background information on the ways in which many international rules come into being

the basel committee on banking supervision bcbs sets the guidelines for world wide regulation of banks it is the forum for agreeing international regulation on the conduct of banking based on special access to the archives of the bcbs and interviews with many of its key players this book tells the story of the early years of the committee from its foundation in 1974 5 right through until 1997 the year that marks the watershed between the basel i accord on capital adequacy and the start of work on basel ii in addition the book covers the concordat the market risk amendment the core principles of banking and all other facets of the work of the bcbs while the book is primarily a record of the history of the bcbs it also provides an assessment of its actions and efficacy it is a major contribution to the historical record on banking supervision

this yearbook clearly fills many gaps and provides reliable and well researched information klaus töpfer executive director un environment programme unep the key updates on conventions and organizations are complemented by a series of proactive essays by leading environmentalists on the cutting edge issues this edition is an important source book in advance of the world summit for sustainable development 2002 nigel cross executive director international institute for environment and development unep the essential reference to all the rapidly multiplying international agreements on environment and development issues this ninth annual edition of the yearbook demonstrates the international community's position on specific environment and development problems the main obstacles to effective international solutions and how to overcome them it assesses both the achievements and shortcomings of co operation distinguishing between the rhetoric and the reality of environment world politics contents current issues and key themes agreements on environment and development systematically listed key data and illustrations concerning the most important international agreements presented on the basis of information from the organizations in question and other sources covering such matters as objectives scope time and place of establishment status of participation affiliated instruments and organizations major activities secretariat finance rules and standards monitoring and implementation decision making bodies key publications internet sources this edition includes the new stockholm convention on persistent organic pollutants and the cartagena protocol on biosafety to the convention on biological diversity intergovernmental organizations igos including un specialized agencies objectives type of organization membership date of establishment secretariat activities decision making bodies finance key publications internet sources international non governmental organizations ngos objectives type of organization membership date of establishment secretariat activities budget key publications internet sources country profiles summaries of the performance and main commitments of all oecd countries in addition to argentina brazil china india indonesia malaysia nigeria the russian federation south africa and thailand

originally published in 2001

the dynamic banking and financial services environment in the country calls for prudent decision making under pressure management of banking and financial services provides students and practitioners with a thorough understanding of managerial issues in the banking and financial services industry enabling them to evaluate the overall organisational impact of their decisions the first section of the book focuses on the basic concepts of banking and financial services and the other sections explain how these concepts are applied in the global banking environment as well as in india in addition to presenting the big picture of the banking and financial services industry the book also provides useful tips on the trade off between risk and return

the authors analyze the development and operation of the basel convention on the control of trans boundary movements of hazardous wastes and its interrelationship with the multilateral trading system jonathan krueger is a researcher in the department of international relations at the london school of economics and political science

based on 11 case studies on the links between trade and the environment this work provides detailed empirical evidence from brazil china colombia costa rica india malaysia the philippines poland thailand turkey and zimbabwe the book poses serious comparative questions
