discover a powerful methodology for bringing communities together to uncover hidden assets and transform deep rooted challenges veteran community organizer paul born s work has contributed to lowering cancer rates in maine improving mental health for young people in florida and reducing poverty rates in canada by 20 percent in this much needed new book he shares stories of how he was able to catalyze local communities and guide them to make significant progress on seemingly intractable community problems born has found that the secret to success is to organize and unite around a common agenda this is not a list of topics like a meeting agenda nor a strategic plan he offers a process for bringing leaders from businesses human service organizations and governments together with people who have a lived experience of a specific community problem a common agenda is a statement of shared aspirations a map of the assets in the community and a road map for how to work together to make those aspirations a reality part i of this book describes how to identify your community s readiness for change form leadership action and strategy teams create a common agenda and establish plans for community engagement part ii presents the approaches and skill sets needed to do the work described in part i remarkably enormous systemic problems such as climate change poverty disease racism housing and many more issues can be best addressed at the local level communities can develop solutions tailored to their unique circumstances and can collaborate at a magnitude that can result in a truly transformative impact this book shows how to make change happen

collective impact as a tool to bring about community change has seen remarkable growth in usage since 2011 collective impact has been used successfully with a variety of local issues and has raised the consciousness of how community groups interact as well as the approaches that can lead to long term innovations this edited volume sets forth conceptual foundations for using collective impact as well as sharing basic approaches that have succeeded in projects under diverse circumstances it will be useful for both academics and practitioners as collective impact continues to undergo substantial

changes in focus and direction building on kania and kramer s influential work it provides readers with detailed insights not only into how the collective impact system works but also innovative applications to issues facing community developers the diverse topics shared by the contributing authors make this volume especially important for practitioners designing programs to bring about long term changes in their communities including discussion about how collective impact has succeeded in different governmental settings this book demonstrates how collective impact has been modified to accommodate the associated cultural differences with 10 chapters written by experienced on the ground community development experts

young people become empowered by their participation in the institutions and decisions that affect their lives which in turn can lead to real positive change in the community this text presents research and effective approaches on how young people can be drawn to participate in organisations and communities

professionals who want to turn their ethical beliefs into action should find that the book provides a solid foundation for community change

delinquency and community summarizes the findings of the authors twelve years study of large training schools for delinquents in massachusetts they contend that delinquency prevention control and treatment are primarily the responsibility of the local community and the institutionalized services and agencies through which the community acts concluding chapters present new theoretical developments and discuss a pilot study of community change social control and delinquency

the literature on rural america to the extent that it exists has largely been written by urban based scholars perpetuating out of date notions and stereotypes or by those who see little difference between rural and agricultural concerns as a result the real rural america remains much misunderstood neglected or ignored by scholars and policymakers alike in response emery castle offers the changing american countryside a volume that will forever change how we look at this

important subject castle brings together the writings of eminent scholars from several disciplines and varying backgrounds to take a fresh and comprehensive look at the forgotten hinterlands these authors examine the role of non metropolitan people and places in the economic life of our nation and cover such diverse issues as poverty industry the environment education family social problems ethnicity race religion gender government public policy and regional diversity the authors are especially effective in demonstrating why rural america is so much more than just agriculture it is in fact highly diverse complex and interdependent with urban america and the international market place most major rural problems they contend simply cannot be effectively addressed in isolation from their urban and international connections to do so is misguided and even hazardous when one fourth of our population and ninety seven per cent of our land area is rural together these writings not only provide a new and more realistic view of rural life and public policy but also suggest how the field of rural studies can greatly enrich our understanding of national life

promoting community change 6th edition addresses the real world issues facing professionals in social work human services and community health and gives readers the skills and information they need to be effective agents of change at the community level by emphasizing the role a strengthened community can play in preventing and solving the problems commonly experienced by individuals and families the author gives readers the tools they need to improve the lives of individual clients as well as entire communities publisher description

a unique and useful guide for practitioners who want to broaden their repertoire of professional choices and are either moving up the administrative ladder or considering making a career move in that direction in user friendly language this book addresses the major challenges that face social workers in these complex times and presents a picture of the various roles and responsibilities of administration illustrating them with lively case studies

a research driven approach to investigating and effecting social change from a contextual psychological point of view this book argues for a conceptualization of basic human problems in public health terms

since the 1950s and the advance of urban renewal local governments and urban policy have focused heavily on the central business district however such development has all but ignored the inner city neighborhoods that continue to struggle in the shadows of high rise america this analysis of urban neighborhoods in the united states from 1960 to 1995 presents fifteen essays by scholars of urban planning and development together they show how urban neighborhoods can and must be preserved as economic cultural and political centers
