as the aspirations of the two rising asian powers collide the china india rivalry is likely to shape twenty first century international politics in the region and far beyond this volume by t v paul and an international group of leading scholars examines whether the rivalry between the two countries that began in the 1950s will intensify or dissipate in the twenty first century the china india relationship is important to analyze because past experience has shown that when two rising great powers share a border the relationship is volatile and potentially dangerous india and china s relationship faces a number of challenges including multiple border disputes that periodically flare up division over the status of tibet and the dalai lama the strategic challenge to india posed by china s close relationship with pakistan the chinese navy s greater presence in the indian ocean and the two states competition for natural resources despite these irritants however both countries agree on issues such as global financial reforms and climate change and have much to gain from increasing trade and investment so there are reasons for optimism as well as pessimism the contributors to this volume answer the following questions what explains the peculiar contours of this rivalry what influence does accelerated globalization especially increased trade and investment have on this rivalry what impact do us china competition and china s expanding navy have on this rivalry under what

conditions will it escalate or end the china india rivalry in the globalization era will be of great interest to students scholars and policymakers concerned with indian and chinese foreign policy and asian security

rising china and emerging india are becoming major maritime powers as they build large navies to secure their growing interests both nations are roiling the waters of the indo pacific the vast littoral stretching from africa to australasia invoking a tale from hindu mythology samudra manthan or to churn the ocean c raja mohan tells the story of a sino indian rivalry spilling over from the great himalayas into the indian and pacific oceans he examines the prospects of mitigating the tensions and constructing a stable indo pacific order america the dominant power in the area is being drawn into the unfolding sino indian competition despite the huge differences in the current naval capabilities of china india and the united states mohan argues that the three countries are locked in a triangular struggle destined to mold the future indo pacific

volume two of a six volume set in which alphabetically arranged entries provide information on every aspect of modern asia including its culture people economy government arts geography architecture religion and history
