book the last chapter is on the long island serial killer written by jennifer j slate

serial killers have long fascinated and horrified society their crimes leaving an indelible mark on history but what exactly defines a serial killer unlike one time murderers serial killers commit multiple homicides over a period of time often with psychological gratification as a primary motive the fbi defines a serial killer as someone who has murdered at least two or more victims in separate events with a cooling off period in between this distinguishes them from mass murderers who kill multiple people in a single event and spree killers who commit consecutive murders without a pause serial killers are often categorized based on their methods motives and psychological traits some are highly organized meticulously planning their crimes selecting their victims carefully and covering their tracks with great precision others are disorganized acting impulsively and leaving behind chaotic crime scenes additionally their motives vary widely some kill for power and control others for financial gain and some for what they believe to be a higher purpose there are also those driven by deep seated psychological disorders including psychopathy and severe delusions despite common portrayals in movies and books serial killers are not always the lone brooding figures that pop culture suggests many lead seemingly normal lives blending into society with jobs families and social circles this ability to hide in plain sight makes them particularly dangerous and difficult to identify some like ted bundy were known for their charm and intelligence while others such as jeffrey dahmer displayed deeply disturbing psychological tendencies that went unnoticed for years

a comprehensive reference guide to male and female serial killers from throughout world history the world encyclopedia of serial killers is the most comprehensive set of its kind in the history of true crime publishing written and compiled by susan hall the four volume set has more than 1600 entries of male and female serial killers from around the world defined by the fbi as a person who murders 3 or more people over a period of time with a hiatus of weeks or months between murders serial killers have walked among us from the dawn of time as these books will demonstrate while the entries to these volumes will continue to grow the fbi estimates that there are at least fifty serial killers operating in the united states at any given time the world encyclopedia of serial killers is as complete as possible through the end of 2017 the series continues with volume three m s the entries include the machete murderer juan vallejo corona maranhão boy mutilator francisco das chagas night stalker richard ramirez rostov ripper andrei romanovych chikatilo and geneesee river killer arthur john shawcross you will find these killers and approximately 475 others in this third book in the series of the world encyclopedia of serial killers

the renowned criminologist and author of the outsider delivers a penetrating study of serial killers as a uniquely modern phenomenon in this fascinating study colin wilson explores the roots of the serial killer mindset and the origins of this terrifying modern personality the term serial killer is still relatively new coined by the fbi to describe those who murder repeatedly and obsessively usually with a sexual motive who are these killers what social and psychological pressures drive them to their crimes can we understand and learn to predict their behavior wilson offers revealing profiles of some of the most infamous killers in modern history from jack the ripper to jeffrey dahmer the monster of milwaukee reginald christie to dennis nilsen who killed for company the boston strangler to donald gaskins who murdered more than 100 victims as well as richard ramirez the night stalker and many more
