this book provides both an overview of and an insight into the rapidly expanding field of creative research methods the contributors from four continents range from doctoral students through to independent and practice based researchers to senior professors providing a clear view of the applicability of creative research methods in all types of research work chapters offer examples of creative research methods in practice and advice on how to transfer or adapt those methods for different disciplines and settings research ethics and research quality are considered throughout this is a timely handbook which provides information for novice researchers and inspiration for experienced researchers and is essential reading for anyone interested in creative research methods

provides a penetrating examination of how political rhetoric from public officials creates tensions via microaggression cues due to changing demographics campaign rhetoric and the use of social media what are microaggression cues and what are examples of those cues in political rhetoric how have microaggression cues from former presidents elected officials and political candidates led to further polarization of america s citizens what are the connections between these microaggression cues the demographic shift of the united states and the growing fear among longtime majority populations political speech as a weapon microaggression in a changing racial and ethnic environment answers these questions and helps readers understand related topics such as nativism the transformation process of the u s population and cultural norms and how americans can best respond to evolving conditions to meet these challenges author sylvia gonzalez gorman addresses a blind spot in the field of american politics and connects hostile rhetoric by public officials to the effect of such rhetoric which leads to the marginalization of groups and a polarizing cultural environment the book specifically focuses on the role of political rhetoric as a microaggression cue and clearly illustrates how these cues are a well established and damaging component of u s political culture

this practical book shows elementary school teachers how to differentiate instruction based on their students situational and personal interests it provides a large number of detailed and easy to use lesson plans to help you create choices to increase student engagement and learning also included is a set of blackline masters which you can duplicate and use in your classroom

becoming somebody in teacher education explores the realities of contemporary teacher education in kenya based on a long term ethnographic fieldwork it views the teacher training institution as a space to grow become and be shaped as teachers in complex moral worlds drawing on a rich conceptual and theoretical vocabulary the book shows how students in these teacher education institutions constantly negotiate and confront the complex constructions of ethnicity gender and class as well as moral religious and academic issues and a lack of resources encountered in the different institutional cultures it outlines a complex array of concerns affecting student teachers that shape what professional becoming means in a stratified and diverse culture this story of the process of growing up and becoming a professional teacher in an african setting will appeal to researchers academics and students in the fields of teacher education organizational studies international education and development social anthropology and ethnography

the phenomenology of everyday life presents results deriving from a rigorous qualitative approach to the psychological study of everyday human activities and experiences this approach is grounded in the philosophical traditions of existentialism and phenomenology and employs dialogue as its major method

of inquiry the reasons for these choices are not arbitrary all derive from the view that a proper study of human events must be framed in terms of a philosophy explicitly developed to encompass human activities in addition such events can properly be investigated only on the basis of a method sensitive enough to articulate the nuances of human experience and reflection the purpose of the present work is not to replace scientific observation with humanistic analysis but to provide an additional perspective on significant human questions the phenomenology of everyday life should be of interest to anyone concerned with obtaining a clear and comprehensive description of someone else's experience this includes students and professionals concerned with clinical or social psychology sociology anthropology social work philosophy nursing and education also included are individuals involved in research and practice in business marketing architecture and law

this book explores the need to interrogate and subvert the embodied discursive practices of whiteness in the reiteration of norms through the construct of accompaniment both within black spaces and across the color line with a critical awareness that values collective experience of shared vulnerability in everyday life
