this leading introduction to public policy is designed to provide learners with concrete tools for not only understanding public policy in general but for analyzing specific public policies it focuses on what policies governments pursue why governments pursue the policies they do and what the consequences of these policies are very contemporary in perspective it introduces eight analytical models currently used by political scientists to describe and explain political life and then using these various analytical models singly and in combination explores specific public policies in a variety of key domestic policy areas for individuals interested in a summary of current public policy in a variety of areas

over recent years complexity science has revealed to us new limits to our possible

knowledge and control in social cultural and economic systems instead of supposing that past statistics and patterns will give us predictable outcomes for possible actions we now know the world is and will always be creative and surprising continuous structural evolution within such systems may change the mechanisms descriptors problems and opportunities often negating policy aims we therefore need to redevelop our thinking about interventions policies and policy making moving perhaps to a humbler more learning approach in this handbook leading thinkers in multiple domains set out these new ideas and allow us to understand how these new ideas are changing policymaking and policies in this new era peter m allen cranfield university uk

from the nuremberg trials to the civil service reform act of 1978 to recent budget reconciliation bills the encyclopedia of public administration and public policy provides detailed coverage of watershed policies and decisions from such fields as privatization biomedical ethics education and diversity this second edition features a wide range of new topics including military administration government procurement social theory and justice administration in developed democracies it also addresses current issues such as the creation of the department of homeland security and covers public administration in the middle east africa southeast asia the pacific and latin america

governance globalization and public policy is concerned with exploring the nature of the policy arena in the context of globalization and the reconstitution of the state the contributors to this book seek to broaden extend and integrate theoretical conceptual and substantive policy debates the book begins by exploring the concepts and perspectives associated with globalization and governance the relationship between them and the repercussions for public policy and the state it also considers developments at the global and regional levels and the implications of the emergence of new regulatory regimes in the context of liberalization and privatization the focus then turns to a broad range of substantive areas of public policy such as human rights health and health care housing markets poverty security and counter terrorism together the chapters provide a thorough integrated insight into the relationship between global processes governance and public policy across a range of policy domains providing a comprehensive analysis of patterns and processes of governance in specific areas of public policy this book will be of great interest to students undertaking programmes in social policy social administration public policy and political science as well as researchers and academics concerned with the policymaking process

behavioral decision theory draws on experimental research in cognitive psychology to provide a descriptively accurate model of human behavior it shows that people systematically violate the normative assumptions of economic rationality by miscalculating probabilities and making choices based on one economic criteria behavioral decision theory s ability to capture the complexity of human judgments and choices makes it a useful foundation for improving public policy analysis design and implementation this volume showcases the research of leading scholars who are working

on applications of behavioral decision theory in diverse policy settings it is designed to give policy analysts and practitioners who are non psychologists a clearer understanding of the complexities of human judgment and choice and an idea of how to integrate behavioral decision theoretic insights into the policy sciences this interdisciplinary volume should be insightful and useful wherever people s judgments and choices matter for policy formulation acceptance and effectiveness

a comprehensive introduction to public policy and the policy cycle the fully revised second edition of this popular textbook offers a practical guide to the topic while remaining underpinned by cutting edge research bringing together analysis of classic works alongside the most recent developments in the field this book is guided by the following three crucial questions what is public policy who participates in making and putting public policy in practice as well as in assessing its success and when and how does public policy change over time in answering these questions the book covers everything from the central institutions and actors of policy making to implementation evaluation and governance drawing on examples from across the world the new edition expands on themes that were previously covered only marginally including the underexplored connection between public policy and political economy as well as placing more emphasis on climate change and practical advice on doing policy analysis for undergraduate or postgraduate students studying on courses focussed on public policy or the policy cycle or process this textbook is the essential guide to the subject the book is also suited for those studying public policy in the context of politics or public management and administration new to this edition a revised conclusion containing guidance on how to do policy analysis extended discussion of climate policy and politics consideration of the effects of brexit the rise of populism and the impact of the loss of faith in globalization for international organizations more on policy process theories comparative public policy the increasingly interdisciplinary nature of public policy studies and new methodologies such as the evaluation of policy measures by means of social media data

the fully revised second edition of this textbook offers a comprehensive introduction to theories of public policy and policymaking the policy process is complex it contains hundreds of people and organisations from various levels and types of government from agencies quasi and non governmental organisations interest groups and the private and voluntary sectors this book sets out the major concepts and theories that are vital for making sense of the complexity of public policy and explores how to combine their insights when seeking to explain the policy process while a wide range of topics are covered from multi level governance and punctuated equilibrium theory to multiple streams analysis and feminist institutionalism this engaging text draws out the common themes among the variety of studies considered and tackles three key questions what is the story of each theory or multiple theories what does policy theory tell us about issues like evidence based policymaking and how universal are policy theories designed in the global north this book is the perfect companion for undergraduate and postgraduate students studying public policy whether focussed on theory analysis or the policy process and it is essential reading

for all those on mpp or mpm programmes new to this edition new sections on power feminist institutionalism the institutional analysis and development framework the narrative policy framework social construction and policy design a consideration of policy studies in relation to the global south in an updated concluding chapter more coverage of policy formulation and tools the psychology of policymaking and complexity theory engaging discussions of punctuated equilibrium the advocacy coalition framework and multiple streams analysis

kraft and furlong provide students with a conceptual understanding of public issues and how the public policy process functions this book also provides a forum for discussions of social economic and sustainable development issues their characteristics and impacts on human beings citizens as well as the environment it will give students the needed tools to make informed economic and human development decisions that could lead to sustainable growth human capacity building and better lives robert dibie indianapolis kokomo with the right information we can develop public policies that work better all too often public policy textbooks offer a basic grounding in the policy process without the benefit of integrating the use of policy analysis kraft and furlong take a different tack public policy politics analysis and alternatives seventh edition helps students understand how and why policy analysis is used to assess policy alternatives the text encourages them to not only question the assumptions of policy analysts but also recognize how these strategies are used in the support of political arguments the authors introduce and fully integrate an evaluative approach to policy to encourage critical and creative thinking on issues ranging from health care to climate change from a concise review of institutions policy actors and major theoretical models to a discussion of the nature of policy analysis and its practice kraft and furlong show students how to employ evaluative criteria in six substantive policy areas students come away with the analytic tools they need to understand that the motivations of policy actors both within and outside of government influence a complex yet comprehensible policy agenda a complete teaching learning package lms cartridge formally known as sage coursepacks import this title s instructor resources into your school s learning management system lms and save time don t use an lms you can still access all of the same online resources for this title via the password protected instructor resource site

in this updated second edition internationally renowned scholar b guy peters provides a succinct introduction to public policy and illustrates the design approach to policy problems peters demonstrates how decision makers can make more effective choices and why a design approach to public intervention can improve policy formulation

this is part of a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science this work explores the business end of politics where theory meets practice in the pursuit of public good

this is a first rate book it draws on a wide range of reading philosophy economics and

politics and teases out a number of important ideas for academics and postgraduates it surely will be essential reading and i think has pushed the study of public policy forward michael connolly political studies review in the dynamics of public policy adrian kay sets out the crucial methodological theoretical and empirical implications of two important trends in the social sciences a frequently expressed ambition for analysis of movies not stills and the regular observation that policy politics and governance is becoming more complex beginning with a discussion of the centrality of temporality change and history to the social sciences he develops the provocative claim that existing models of the policy process are of limited value in understanding and explaining policy dynamics instead the author argues that it is only through structured narratives that we can really understand and explain complex policy histories he sets out a methodology for structuring policy narratives and illustrates the claims of the book through four detailed case studies health policy and pharmaceutical regulation in the uk and agricultural policy and budget policy in the eu adrian kay s book will appeal to academics in the fields of policy analysis public administration and public sector management as well as political science and political theory

the new handbook by peters and pierre provides an invaluable addition to the literature it offers new scholars and practitioners a means to navigate many of the complex theoretical and practical issues in contemporary policy analysis mark considine university of melbourne the public policies of governments affect the lives and livelihoods of citizens every day in every country around the world this handbook provides a comprehensive review and guide to the study theory and practice of public policy today section one making policy introduces the policy making process the means by which public policies are formulated adopted and implemented and serves to review the many competing conceptualizations within the field section two substantive policy areas focuses on a number of substantive policy areas to consider both diversity and commonalities across different sectoral policy areas section three evaluating public policy addresses issues of policy analysis more directly and assesses successes and failures in public policy in an attempt to answer the question what is good policy the concluding chapter considers the different disciplinary contributions to the research and study of public policy both retrospectively and prospectively drawing contributions from leading academics and policy analysts from around the world the handbook illustrates the changing role of governments vis à vis the public and private sector and the different policy actors national and international governmental and non governmental involved in the policy making process it will be an essential companion for all advanced undergraduates graduates academics and practitioners across public policy and public administration public management government and political science

this introductory text focuses on the processes for coping with critical public issues and programmes the author examines the nature of public problems and presents a step by step method for analyzing how they are acted on in government

this brand new text examines power and inequalities and how these are central to our understanding of how policies are made and implemented it introduces the concepts and theoretical approaches that underpin the study of the policy process reflects upon key developments and applies these the practice of policy formulation and implementation

this book considers a range of contemporary approaches to public policy studies these approaches are based on a number of theoretical perspectives on decision making as well as alternative perspectives on policy instruments and implementation the range of approaches covered in the volume includes punctuated equilibrium models the advocacy coalition framework multiple streams approaches institutional analyses constructivist approaches behavioural models and the use of instruments as an approach to public policy the volume concludes with a discussion of fundamental issues of democracy in public policy

using the concept of public policy as an integrating theme this classic book explores the social and political environment of business from a managerial focus it considers specific issues and outlines many management oriented techniques for dealing with such issues showing how issues are raised in our society and how business and government interact in the resolution of those issues content is organized into five major sections part i covers theoretical and conceptual material and expands coverage of the institutional and public policy aspects of government part ii deals specifically with the public policy process part iii focuses on specific public policy issues of concern to management part iv explores the ethical and international dimensions of public policy part v discusses management responses to public policy issues in the context of a strategic management framework there is a chapter on public issues management that includes discussions about stakeholder management and the legal environment of business and a chapter on corporate political strategies each chapter begins with a brief company oriented incident and includes short cases at the end of most chapters this book will be useful to managers who deal with public policy issues such as public affairs and public relations professionals directors of executive education management training executives or public policy analysts
