since the first edition of public policy politics analysis and alternatives michael kraft and scott furlong have taken a different tack they want students to understand how and why policy analysis is used to assess policy alternatives not only to question the assumptions of policy analysts but also to recognize how

analysis is used in support of political arguments to encourage critical and creative thinking on issues ranging from the federal deficit to health care reform to climate change the authors introduce and fully integrate an evaluative approach to policy the authors begin the fifth edition of public policy with a concise review of institutions policy actors and major theoretical models then they discuss the nature of policy analysis and its practice and show students how to employ evaluative criteria in six substantive policy areas the text arms students with the analytic tools they need to understand the motivations of policy actors both within and outside of government and to influence a complex yet comprehensible policy agenda

this book reflects on the latest developments in discourse analysis in the context of eu politics research it explores discourse analysis as a tool to study and understand eu politics covering key conceptual methodological and research strategic questions the analytical approach advanced in this book is anchored in discursive institutionalism the newest addition to approaches in new institutionalism the author particularly focuses on discourse as a strategic resource for political purposes as a device for inclusion and exclusion in policy making and as a means of conveying and appealing to political emotions as well as the role visual discourse and imagery play in day to day eu politics including a variety of examples using different combinations of research techniques and data material the book also addresses issues related to the study of discursive structures and agency discourse conflict and consensus causality and the time dimension in discourse analysis

all too often public policy textbooks offer a basic grounding in the policy process without the benefit of integrating the use of policy analysis kraft and furlong since their first edition take a different tack they want students to understand how and why policy analysis is used to assess policy alternatives not only to question the assumptions of policy analysts but to recognize how analysis is used in support of political arguments to encourage critical and creative thinking on issues ranging from the financial bailout to rising gas prices to natural disasters the authors introduce and fully integrate an evaluative approach to policy public policy starts with a concise review of institutions policy actors and major theoretical models the authors then discuss the nature of policy analysis and its practice and show students how to employ evaluative criteria in six substantive policy areas public policy arms students with analytic tools they need to understand the motivations of policy actors both within and outside of government influence a complex yet comprehensible policy agenda enhancements to the 4th edition all chapters have

been comprehensively updated to include recent events issues and policy debates including the conduct of the wars in afghanistan and iraq the use of private contractors for military support and operations the rising cost of gasoline and disputes over energy policy and climate change the controversy over immigration policy requirements for financial regulation heightened concerns over economic and social inequality and the clash over reforming taxes and entitlement programs as well as dealing with the federal deficit and national debt new and updated working with sources and steps to analysis features help students investigate sources of information and apply evaluative criteria new and updated end of chapter discussion questions suggested readings and web sites

political analysis provides an accessible and engaging yet original introduction and distinctive contribution to the analysis of political structures institutions ideas and behaviours and above all to the political processes through which they are constantly made and remade following an innovative introduction to the main approaches and concepts in political analysis the text focuses thematically on the key issues which currently concern and divide political analysts including the boundaries of the political the question of structure agency and power the dynamics of political change the relative significance of ideas and material factors and the challenge posed by postmodernism which the author argues the discipline can strengthen itself by addressing without allowing it to become a recipe for paralysis

equip students with the skills and confidence they need to conduct political analyses and critically assess statistical research in the seventh edition of the essentials of political science bestselling authors philip h pollock iii and barry c edwards build students analytic abilities and develop their statistical reasoning with new data fresh exercises and clear examples this brief and reader friendly guide walks students through the essentials defining measurement formulating and testing hypotheses measuring variables while using key terms chapter opening objectives over 80 tables and figures and practical exercises to get them using and applying their new skills using excel r spss or stata companion workbooks featuring statistical software instructions and exercises help your students apply their knowledge

until the recent unauthorized release of thousands of classified state department cables public attention was rarely drawn to the frequently outstanding political analysis done by american diplomats abroad the existing literature on diplomacy has heretofore been limited to memoirs of former diplomats and analyses of international affairs by diplomats academics and think tanks the craft of political

analysis offers a fresh approach one that provides a context for interpreting this embassy reporting and a guide to understanding the work that went on behind the scenes to produce it author raymond f smith combines a practitioner's personal view of what is required to do good diplomatic political analysis with his understanding of the social conflict and change that informed his work for the state department smith clearly explains everything the foreign service candidate or professional as well as the interested layman needs to know about crafting political analysis including how to write for the analyst's intended audience how to make best use of the intellectual and analytical tools of the trade what happens when the analyst's views differ from government policy and why political analysis risks becoming irrelevant even though it is still urgently needed in addition the craft of political analysis for diplomats features two case studies using legally declassified cables not included in the wikileaks release the first is built around four highly restricted embassy moscow cables on the collapse of the soviet union the second includes two cables on the arab israeli conflict that received the state department's highest award for political analysis selected for the diplomats and diplomacy series of the association for diplomatic studies and training adst and dacor an organization of foreign affairs professionals

the book focuses on basic quickly applied policy analysis methods that can be used to resolve policy problems there are relevant real life examples used throughout

written in a uniquely engaging and entertaining style and built on a foundation of nearly 20 years teaching experience this is the perfect guide to understanding data and statistics for political analysis packed with thought provoking real world examples and data imaginative illustrations and easy to consume introductions to key methods students are shown how statistical knowledge can help them better understand the world around them

this fifth edition of the essentials of political analysis equips students with the skills to conduct political analysis and critically assess statistical research bestselling author philip h pollock iii builds students analytic abilities and develops their statistical reasoning with new data fresh exercises and engaging examples this accessible introduction to the essential elements of political analysis walks students through the basics measuring concepts describing variables formulating and testing hypotheses controlling for alternative explanations and interpreting graphic displays and nearly 50 practical exercises motivate them to use their new skills with confidence

equip students with the skills and confidence they need to conduct political analyses and critically assess statistical research in the seventh edition of the essentials of political science bestselling authors philip h pollock iii and barry c edwards build students analytic abilities and develop their statistical reasoning with new data fresh exercises and clear examples this brief and reader friendly guide walks students through the essentials defining measurement formulating and testing hypotheses measuring variables while using key terms chapter opening objectives over 80 tables and figures and practical exercises to get them using and applying their new skills

a paper reprint of the 1988 original it is a political history that describes and analyzes the management of organized knowledge wheatley takes flexner and the carnegie foundation of 1910 as the model portz political science northeastern u combines a synthesis of the literature on urban politics and political economy with a close analysis of plant closings in pittsburgh pennsylvania louisville kentucky and waterloo iowa to illuminate the complexity of constraints upon and range of local government efforts to control the economic damage caused by shutdowns paper edition unseen 12 95 annotation copyrighted by book news inc portland or

this book provides an introduction to the application of the techniques of formal analytic methods and quantitative analysis to the study of political science the book has been written with several different levels of students in mind it can be used for relatively simple undergraduate courses in politics that do not require high levels of mathematical competence however its framework is such that it can form the core text for more advanced courses on the use of formal methods in politics that might be taught at the graduate level in both politics and economics to that end each chapter builds in sophistication amongst the core topics covered in the book can be counted rent seeking voting collective action redistribution and pressure groups the book cleverly covers the related but distinct disciplines of public choice and political economics and should appeal to students and researchers in both economics and political science

this fully updated third edition makes the prospect of methods courses for students a lot less daunting featuring a range of pedagogical features including chapter exercises and over eighty tables and figures the book clearly explains the ins and outs of political analysis

topless bars casino gambling needle exchange programs for drug addicts there s no question morality issues remain front and center in urban politics presenting a systematic analysis of culture war issues at the local level elaine sharp shows

how american cities deal with these ongoing concerns drawing on a sample of ten strategically chosen cities she explains differences in how municipalities respond to controversies surrounding sex business abortion clinics legalized gambling gay rights and drug use by analyzing the relative importance of subculture economics and institutional arrangements in the disputes she points the way toward richer and more complete understanding of how different cities respond differently to these hot button issues far more than a statistical study morality politics in american cities is a collection of fascinating stories of real people grappling with down to earth issues and real life drama richly informative case studies that will captivate students and interested citizens alike mayors public health directors activists and others speak their minds about the pros and cons of these controversies here are officials in one city confronting the vatican over funding for abortion services those in another battling a local university over its refusal to provide health benefits to gay partners of faculty members and still others mounting a massive community sponsored attack on topless clubs these stories provide detailed evidence to support classifications needed for comparing cities experience with each of the five morality issues they also corroborate inferences drawn from the comparisons by showing what considerations were in play as local officials grappled with these issues overall the study shows that cultural factors usually dominate policymaking in local politics except when specific economic interests are at stake and also observes that county level governments are more important than previously thought in terms of morality issue decisions as provocative as it is informative morality politics in american cities demonstrates that such issues same sex marriage for example are multidimensional and often difficult to resolve its conclusions however contingent mark an important step in the ongoing process of understanding important differences in approaches to these issues and clearly show how moral conflicts continue to define american politics
