in recent times both primary authors have observed that to establish
a thorough and effective training program orthopaedic trainees
should undertake intensive study of orthopaedic textbooks this
should be complemented by daily practical application involving the
use of questions including both multiple choice questions mcqs and
short answer questions saqs along with their corresponding solutions
this recognition marked the initial phase of developing and
composing a book centered around orthopaedic questions we envisage
that this publication will function as a valuable companion for each
orthopaedic trainee providing prompt access to crucial knowledge and
encouraging further study the current volume identified as part i

encompasses all relevant information that an orthopaedic trainee needs to adequately prepare a patient for surgery a subsequent section part ii will delve into knowledge related to regional orthopaedics
