considers h r 11952 to transfer executive departments and agencies functions relating to environmental evaluations to ceq

this title was first published in 2003 during the 1990s uk higher education was transformed through the full panoply of levers available to government legislation funding to encourage expansion and change regulation and a national review as we enter the 21st century new organizational agents acting as brokers are emerging as important facilitators of systemic change the central argument in this book is that brokering is a process that facilitates change at all levels of the education system and enables uk higher education to be more adaptive and responsive to society and the global marketplace the educational broker is a facilitator who connects people networks organizations and resources to support change the process is key to creating new innovative capacities involving partnerships that are now required of a socially attuned and continuously adaptive mass system the educational brokerage role also includes activities that might be associated with the business world where the broker is an agent promoter dealer or trader or the political world where the broker is a diplomat mediator and negotiator there has been little recognition description or analysis of

brokerage which is essential to the rapid development and utilization of knowledge in a large complex diverse multipurpose and autonomous system these new capacities offer exciting possibilities for advancing the system and for gaining competitive advantage this volume provides through a series of organizational case studies important new insights into the ways in which change is being brokered by national bodies like the learning and teaching support network university for industry the e university and the quality assurance agency it also provides an overview of the international scene to show that UK higher education is leading the world in this approach to the development of a higher education system
