the great debate provides students a premier resource for learning the art of debate and developing the skills they need to succeed in the debate round in the classroom and in the real world written in a conversational style with the debate student in mind this book begins by discussing general debate principles and then offers specific insights into the numerous facets of both public forum debate and policy debate from basics to more advanced topics the great debate is an invaluable resource for debaters of all experience levels the great debate introduces public forum debate a recent addition to the competitive debate landscape unlike many other debate styles public forum debate does not require special debate vocabulary or knowledge of detailed theory from either participants or judges public forum debate focuses on developing debaters who can persuade any audience to support a particular position through a series of short back and forth speeches which mimic the real world debates on television between pundits and politicians the great debate equips students to begin competing in this highly relevant debate format the great debate also provides a foundation for students in policy debate policy

debate requires debaters to extensively research and analyze a particular topic of public policy debaters generally propose that the government take a particular course of action or change a law students develop significant knowledgeable of a particular public policy topic and gain strong research skills policy debaters are comfortable prioritizing arguments to present in a short speech and learn to use cost benefit analysis to evaluate public policy options the great debate gives students the tools to begin competing in competitive policy debate the great debate was written by a debater for fellow competitors it covers the basics of debate with special care to explain everything to those with no prior debate experience or knowledge it next advances to intermediate theory and strategy debaters can use as they develop their skills this book is perfect for your club a beginning debate class or as a reference resource for debaters of all experience levels for those interested in argumentation the great debate offers an introduction to the basics of logic fallacies argument structure techniques for replying to specific arguments note taking techniques and research these skills serve any student outside of the competitive debate context in the classroom and in the real world equip yourself with the tools to make and respond to arguments with the great debate more information is available at greatdebate.net

with the conclusion of the mexican war in 1848 the united states seemed poised to fulfill the manifest destiny that was on the lips of journalists and politicians yet even before the war was over tensions over the issue of slavery erupted slavery symbolized the social cultural constitutional and economic differences that were dividing the north and south through four years of bloody civil war and the loss of over 600 000 lives the american republic decided the fate of slavery asserted the supremacy of the federal government over state authority and began to grapple with the difficult issues of reconstruction this work provides substantial biographical entries of 20

individuals who shaped and defined the debates during the civil war period political and military figures such as abraham lincoln and robert e lee writers such as harriet beecher stowe and abolitionist reformers such as frederick douglass and george fitzhugh are included with the conclusion of the mexican war in 1848 the united states seemed poised to fulfill the manifest destiny that was on the lips of journalists and politicians yet even before the war was over tensions over the issue of slavery erupted slavery symbolized the social cultural constitutional and economic differences that were dividing the north and south through four years of bloody civil war and the loss of over 600 000 lives the american republic decided the fate of slavery asserted the supremacy of the federal government over state authority and began to grapple with the difficult issues of reconstruction this work provides substantial biographical entries of 20 individuals who shaped and defined the debates during the civil war period political and military figures such as abraham lincoln and robert e lee writers such as harriet beecher stowe and abolitionist reformers such as frederick douglass and george fitzhugh are included each biography provides a concise account of the subject s life followed by an analysis of the figure s role and contribution to the central issues of the day and concludes with a bibliography of secondary and primary sources available to students an appendix of over 180 additional biographies highlights the lives of others who played a role in the debates of the civil war

the successful conclusion of the war of 1812 ushered in a new age of american history the jacksonian era this book explores the background motives and goals of political and social leaders who dominated this era divided into three categories whigs democrats and writers and reformers biographies of henry clay ralph waldo emerson james knox polk andrew jackson and others are included debates over such issues as westward expansion the second bank of the united states indian policies and slavery are discussed from opposing

viewpoints americans of the jacksonian era upheld traditions and values of their forefathers while also embracing the unlimited opportunity of the future during this era profound political divisions emerged within the nation with the core debate focused on the extent of the federal government's power americans debated such issues as the degree to which the federal government could compel states to implement federal legislation administer expansion policy regulate trade and manage the economy interwoven within these debates were questions about the legitimacy of slavery this book explores the background motives and goals of political and social leaders who dominated this era debates over such issues as westward expansion the second bank of the united states indian policies and slavery are discussed from opposing viewpoints students and general readers will find this reference tool useful in describing the lives and views of individuals who directed the course of the nation during the jacksonian era

this volume presents some of the most important debates that exist in the field of entrepreneurship today it brings together leading scholars deriving contributions from special sessions designed by the global consortium of entrepreneurship centers gcec to discuss both sides of these great debates

this book provides an authoritative account of the controversy about the first great debate in the field of international relations of all the self images of international relations none is as pervasive and enduring as the notion that a great debate pitting idealists against realists took place in the 1940s the story of the first great debate continues to structure the contemporary identity of international relations yet in recent years revisionist historians have challenged the conventional wisdom that the field experienced such a debate drawing on expert contributors working in canada europe the united kingdom and the united states this book includes key participants in the

historiographical controversy the book assembles the existing scholarship and provides a thorough analysis of the status of the first great debate in the history of international relations it is an invaluable examination of the causes and future direction of idealist and realist arguments international relations and the first great debate will be of interest to students and scholars concerned with the foundations of international relations

thanks to these generous donors for making the publication of this book possible david lerman and shelley wallock d walter cohen wendy and leonard cooper rabbi howard gorin gittel and alan hilibrand marjorie and jeffrey major jeanette lerman neubauer and joe neubauer gayle and david smith and harriet and donald young ever since abraham s famous argument with god judaism has been full of debate moses and korah david and nathan hillel and shamai the vilna gaon and the ba al shem tov spinoza and the amsterdam rabbis the list goes on jews debate justice authority inclusion spirituality resistance evolution zionism and more no wonder that judaism cherishes the expression machloket l shem shamayim an argument for the sake of heaven in this concise but important survey rabbi barry l schwartz presents the provocative and vibrant thesis that debate and disputation are not only encouraged within judaism but reside at the very heart of jewish history and theology in his graceful engaging and creative prose schwartz presents an introduction to an intellectual history of judaism through the art of argumentation beyond their historical importance what makes these disputation so compelling is that nearly all of them regardless of their epochs are still being argued schwartz builds the case that the basis of judaism is a series of unresolved rather than resolved arguments drawing on primary sources and with a bit of poetic license schwartz reconstructs the real or imagined dialogue of ten great debates and then analyzes their significance and legacy this parade of characters spanning

three millennia of biblical rabbinic and modern disputation reflects the panorama of jewish history with its monumental political ethical and spiritual challenges

an acclaimed portrait of edmund burke thomas paine and the origins of modern conservatism and liberalism in the great debate yuval levin explores the roots of the left right political divide in america by examining the views of the men who best represented each side at its origin edmund burke and thomas paine striving to forge a new political path in the tumultuous age of the american and french revolutions these two ideological titans sparred over moral and philosophical questions about the nature of political life and the best approach to social change radical and swift or gradual and incremental the division they articulated continues to shape our political life today essential reading for anyone seeking to understand the basis of our political order and washington s acrimonious rifts today the great debate offers a profound examination of what conservatism progressivism and the debate between them truly amount to
